**A MOMENT TO CHERISH.** Starting today, Muscat Media Group is going to celebrate the 50th National Day in a grand manner under the wise and visionary leadership of His Majesty Sultan Haitham Bin Tarik.

# LOCKDOWN VIOLATORS WARNED

The Supreme Committee has announced that the lockdown will start today at 8PM, and continue until October 24

*Times News Service*

**MUSCAT:** Violators of the night time lockdown in Oman, which begins today, will be dealt with strictly, the country's Public Prosecution has said.

"The Public Prosecution will deal firmly with the violators and refer them to courts for legal measures to be taken against them," said Mohammed bin Said Al Yahyai, the Director General for Public Prosecution in the Governorate of Muscat.

"Public Prosecution calls upon all citizens and residents to fully adhere to the committee's decisions and cooperate continuously, in the interests of everyone," said the organisation.

The Supreme Committee for dealing with COVID-19, as part of its ongoing measures under the chairmanship of Interior Minister, Sayyid Hamoud bin Faisal Al Busaidi, took a number of new

decisions to help handle the situation in the Sultanate.

**Timing**  
The measures include a prohibition of movement and lockdown of all public places and commercial outlets from 8 pm to 5 am every night from Sunday 11 October to Saturday 24 October 2020, a ban on the use of beaches till further notice, and the re-closure of some businesses that were previously opened, but failed to stick to the conditions set by the committee.

**Control infection**  
These measures were announced after studying reports related to a spate of infection and cases of death, and an unprecedented rise in occupancy of hospital wards and intensive care units, threatening an impending risk of overwhelming the capacities of the health sector in the Sultanate.

The departments concerned will announce the details of such activities at a later date. The names and pictures of offenders who violate these instructions will also be published in the media.

The Supreme Committee hereby urges all, particularly young people, to fully abide by precautionary measures at individual and collective level.

All should refrain from family and social gatherings. The departments concerned will take legal action against all violators who breach the directives, according to the Supreme Committee.

# Masks do not cause suffocation: Experts

Doctors discount possibility of mask use leading to carbondioxide poisoning

**SHEIKHA AL MAQHOUSI**  
[sheikha@timesofoman.com](mailto:sheikha@timesofoman.com)

**MUSCAT:** The doctors at the Ministry of Health have confirmed that news being circulated about masks leading to suffocation with carbon dioxide is untrue.

“Pictures and videos are being circulated on social media, a group of people claim that the masks deprive the body of oxygen, and that the person will suffocate with carbon dioxide that he exhales and then breathe it again, but this talk is false and incorrect,” Dr Hamed Al Kalbani, Resident doctor in the Department of Cardiac Surgery, Sorbonne University, Paris said.

**CLEARING CONFUSION:** Prolonged use of medical masks, when properly worn, does not cause carbon dioxide poisoning, nor a lack of oxygen, according to the World Health Organization.

“According to the Vanderbilt University Medical Centre, it has not been proven that prolonged use of masks causes carbon dioxide poisoning or a lack of adequate oxygen in healthy people.

For some people with severe chronic lung disease, the mask may make breathing more difficult, but not due to carbon dioxide retention. Healthcare workers routinely wear masks for long

periods as part of their usual care (such as performing surgery), and no adverse effects have been reported.”

“As the World Health Organization says, the prolonged use of medical masks, when properly worn, does not cause carbon dioxide poisoning, nor a lack of oxygen,” Al Kalbani stressed.

Dr Nawal Al Rashdu, Director of the Education and Awareness

Department at MoH said, “we advise people to avoid wearing masks while playing sports only because the amount of carbon dioxide is high, but at other times wearing masks is necessary and it does not cause any harm because carbon dioxide is coming out from the sides of the muzzle.”

Speaking about the main types of masks that medical staff and other people use, Dr Ahmed Al Kalbani said, “Medical (surgical) masks which is made of at least three filter layers of non-woven synthetic material reduce the risk of respiratory droplets being transmitted from the wearer to others and to the surrounding environment, and they also reduce the chances of the virus spreading from others to the person who wear it.”

“The second type are the respirator masks such as (FFP2), (FFP3), (N95), (N99) specially designed for healthcare workers who provide care to COVID-19 patients in facilities and places where aerosol-generating medical procedures are applied. And the third type are fabric masks and they can act as a barrier to prevent the transmission of the virus as a last solution,” Dr Al Kalbani explained.

## EDUCATION

# 4 from Oman in World Teachers Quiz last 32

Times News Service

**MUSCAT:** Four teachers from Oman have made it to the last 32 participants from among more than 12,000 educators who took part in the World Teachers Quiz.

The four teachers from Oman who made it to the top 32 were Bigimol Sebastian and Jaya John from Indian School Muscat, and Rubina Rose Khan and Ahemad

Nadim Momin from Indian School Al Ghubra. Among them, Bigimol Sebastian made it to the World Semi Final.

The quiz, which features educators from 12 countries, was planned as a tribute to teachers and their outstanding efforts to aid learning during the uncertain times of the COVID-19 pandemic.

It was organised by global edu-

cational portal Teacher Tribe, and held in collaboration with Tata Consultancy Services.

The series was hosted by quizmasters Giri ‘Pick Brain’ Balasubramaniam – who is a well-known figure when it comes to organising quizzes in the Sultanate – and Rashmi Furtado, a leading woman quiz host in Asia, on a digital platform called Quizital.

Conceptualised by a leading

educator Rama Ranganathan, who comes with over three decades of experience in education, her vision was to ensure teachers experience the same events as their students, while celebrating knowledge.

The quiz premiered globally on October 5, 2020 to celebrate World Teachers Day.

The various rounds of the event can be watched online, on [www.youtube.com/TeacherTribe](http://www.youtube.com/TeacherTribe).

# <FROM A1> Abide by all precautionary steps: Supreme Committee

Hospitals will keep their emergency services running throughout the day, but will close to outpatients well before the 8pm movement ban comes into effect. “We will see our last patients at about 7:30pm,” said Dr A Basheer, a senior internist and diabetologist at Badr Al Sama’a Hospital Ruwi. “If a patient is required to stay on after 8pm, because the doctor he needed to see is not free before then, or he has to do more tests, then we will provide him a letter which he can show to authorities.

“Most of the doctors working at our hospitals have decided to stay back while the movement ban is active as well, to help with patient care and look over the medical cases we have,” he added. “Normally, we take patients up to 1pm in the afternoon, and then up to about 9pm in the evening, but that will obviously be shortened now.”

In keeping with the rules devised by the Supreme Committee, other businesses in Oman have also announced timings for their customers, and aim to wrap up for the day well before the start of the movement ban.

For example, D’Arcy’s Kitchen, a restaurant in Qurum, will close at 7pm, with diners not allowed in after 3pm. “This is the busiest time of the day for us, so we will only be open to takeaways after that,” said Youssef Al Yafei, the restaurant owner. All government

health centres in Oman, according to the Ministry of Health, will be open from 7:30am to 2:30pm. “Some health centres will oper-

ate during the evening period from 2:30 pm-9:30 pm and on the weekend and official holidays between 9:30 am and 4:30 pm.”

These include six health centres in the Wilayat of Seeb: Hai Al Jamaa, Al Hail, Al Mawaleh, Al Shadi Health Centre, and the North and South Maabala health centres. In Boushar, two health centres – Al Ansab and North Al Khuwair – will remain open, while Muttrah Health Centre, as well as two in Muscat (Muscat and Yiti health centres).

**Health centres**

Three health centres in Amerat (Al Nahda, Saaya and Al Amerat), and all health centres in Quriyat will remain open in evenings. During lockdown period, operational hours of buses and ferries will also be rescheduled. “Buses will operate within Muscat Governorate until 6 pm,” said a Mwasalat statement. Regarding journey times for buses and ferries, the statement added: “All the trips will have to reach their destinations by 6 pm. Details will be published through the company’s official accounts and on various social media platforms.” Customers can also get round-the-clock information regarding bus routes by reaching the call centre on 2412-1500 and 2412-1555, while ferry information can be provided on 8007-2000.

# HUNDREDS OF YEARS WORTH OF HISTORY AND HERITAGE

Times News Service

**MUSCAT:** A handwritten copy of the Holy Qur'an, about 500 years old and inherited by a citizen from his ancestors in North Al Batinah Governorate, is still there.

Eighty years old Khalfan bin Mohammad Al Hosni is the proud owner known for his passion for collecting traditional artefacts since he was 30 years old.

He has spent decades to collect ancient ceramics, traditional weapons, marine and agriculture related products, old utensils used for storing grains, dates and food.

"I own a Quranic manuscript dating back 500 years ago and I inherited it from my father's grandfather who had handwritten it. It is still in good condition."

"I also own a dagger made of leather, which dates back to 500 years ago. It belonged to my father's grandfather and is also in good condition," he said.

Al Hosni has a special corner for these collectibles, and their number ranges to more than 1000 different archaeological pieces, dating back hundreds of years. The corner includes everything that Omanis owned and used in ancient times, such as silverware, sapphires, pottery, weapons, old utensils, manuscripts and agricultural products, swords and daggers.

The number of weapons ranges from 20 to 25, including a rifle called Al Rumi, which was used in wars more than 1,400 years ago. "I have about four of them. I also have a rifle called Al Sammah which was used during the wars to expel the Portuguese from the coasts of the Sultanate about 4,000 years ago. I also have weapons and rifles that were used in the World War I," Hosni added.

Hosni has around 10 manuscripts that date back olden times that have been documented to preserve history and events in that period. While some manuscripts tell about religious occasions, others mentions about the floods in the Sultanate."

There is also a wooden board that his grandfather and then his father had used. "I learnt writ-

ing Arabic alphabets and read the Holy Qur'an on it. My brothers and sisters have also used the-board," he said.

Visitors from various governorates flock to see this heritage collectibles but currently due to the pandemic, he does not receive many visitors.

While officials from The Ministry of Heritage and Tourism have visited his place, Oman TV and other officials from the Sultanate have also visited to see this heritage treasure.

"My ambition is to build a museum of my own that includes everything that I have collected over the years. I hope that it will become a tourist, cultural and heritage centre for the wilayat of Al Khabourah in particular and for North Al Batinah Governorate in general."

Al Hosni also appealed to the private sector, members of the Shura Council in the wilayat of Khaboura, His Excellency the Wali and members of the Municipal Council to support him to construct a building where he can showcase all the artefacts that he has collected over the years.

"After meeting some young Omanis who are engineers, architects and designers, it was found that the cost to establish a museum would be approximately OMR 100,000. We have submitted a request to the Ministry of Tourism and Heritage," said Hosni.

"I have worked hard since I was 30 years old. I have visited all the wilayats and the governorates of Oman to collect these heritage collectibles. I bought most of them from their owners so that they do not disappear or get neglected. I wanted to preserve Oman's national heritage," he added.

"Many people wanted to buy the 500 year old copy of the Holy Qur'an and the Omani dagger, but I will never give them at any cost. Even if one nail is taken from my collections, I come to know as I love them as my own children.

"I will continue to collect and after my death I have told my sons to preserve the way they would preserve my name," Hosni proudly said.

MINISTRY OF EDUCATION

## Procedures for transfer of 972 teachers completed

**MUSCAT:** The Ministry of Education has completed the procedures for transfer of teachers and bringing them close to their governorates of residence in accordance with the available vacancies as part of the preparations for the new school year 2020-2021.

The Ministry of Education has transferred 972 teachers who applied for the same, said Majid bin Said bin Sulaiman Al Bahri, Undersecretary of the Ministry of Education for Administrative

and Financial Affairs.

He also pointed out that the transfer of teachers or bringing them close to their respective governorates comes under Ministerial Decision No. 154/2016.

The door for transfer has been opened for the teaching staff and associated positions for receiving online applications accompanied by the supporting documents in accordance with the standards and terms set forth in the said Ministerial Decision.

The criteria for transfer included the health condition of the applicant, the date of application, date of appointment of the applicant and appraisal report of the applicant, he added.

The Ministerial Decision No. 154/2016 has been made in coordination with the Directorates of Education in the Governorates of the Sultanate with the participation of a number of employees working in the field of education. – **ONA**

MUSCAT MUNICIPALITY

## Book parking slots for vehicles electronically, meters to be removed

Times News Service

**MUSCAT:** Slots for parking vehicles can be booked through electronic mode as parking meters will be removed from a number of locations in the Muscat Governorate, starting from November 1, the Muscat Municipality said on Saturday.

A statement issued by Muscat Municipality said: “The municipality directs the attention of community members to the importance of shifting to electronic modes of booking vehicles parking slots through the available channels and shown on the guidance boards that have been installed recently. As of the first of November, all parking meters will be removed at each of the following locations: the Commercial district, Commercial Square, Ruwi Market, Al Fursan Street, Muttrah Souq and Sea Street and Wadi Al Kabir.”

“The Municipality urges all parking users to rely on electronic reservation through the process described as following: Booking via text messages: Send an SMS containing the vehicle number, code and the required number of minutes (multiple from 30 to maximum 300) to the number 90091.

The user will receive a text message confirming the booking, including the ticket number, the vehicle number, code, and the time required to park.

In the event that the user wants to extend the time, he must send another message to 90091 and follow the same steps.

**Booking via Baladiyati app:** The Baladiyati application for smartphones can be used to book parking for hours, as well as to obtain parking permits for vehicles, with the ability to renew permits, and all users can pay fines through the application or inquire about pending fines.

# Trump-Biden October 15 debate officially cancelled

On Thursday, organisers called for a “virtual debate” to be held instead of the planned town hall format in Miami

**WASHINGTON:** The second US presidential debate planned for October 15 has been cancelled by the nonpartisan Commission on Presidential Debates on Friday, as the event’s format was thrown into disarray following US President Donald Trump’s coronavirus diagnosis.

On Thursday, organisers called for a “virtual debate” to be held instead of the planned town hall format in Miami, Florida.

Trump swiftly rejected the proposal and asked for the dates to be pushed back. However, the campaign of Trump’s opponent, Joe Biden, objected to changing the dates.

The Trump campaign then offered to hold the debates in person as scheduled, betting on the US president being cleared to hold public events by his doctors before the matchup on Thursday.

**ELECTION 2020:** The third debate, scheduled for October 22 in Nashville, Tennessee, is still expected to take place.

However, the commission said it would not reverse its decision, citing health concerns as both candidates would appear together on stage and take questions from an audience of voters.

Both candidates have “alternate plans” for October 15, the commission said, with Biden expected to hold a town hall discussion with voters and Trump planning a rally in Florida.

The third debate, scheduled

for October 22 in Nashville, Tennessee, is still expected to take place.

## Trump plans new rallies

On Saturday, Trump is planning to hold his first in-person event since his COVID-19 diagnosis on October 2, convening a large group outside the White House for a speech on “law and order” which he will deliver from the balcony. The event comes de-

spite a coronavirus outbreak at the White House over the last week, with several Trump aides and campaign staff testing positive.

“There are medical tests underway that will ensure that when the president is back out he will not be able to transmit the virus,” said White House spokeswoman Kayleigh McEnany, who herself has tested positive for COVID-19. **dw**

# Azerbaijan and Armenia accuse each other of violating ceasefire

**YEREVAN:** Azerbaijan and Armenia both accused the other side of violating a Russian-mediated ceasefire that came into force at noon local time on Saturday.

“Ignoring the ceasefire announced for humanitarian purposes effective as of October 10, 12:00, the Azerbaijani units launched an assault on an area called “Karakhambeyli” at 12:05. Units of the Artsakh Defence Army take appropriate measures to halt the enemy attack,” Armenian defense ministry press spokeswoman Shushan Stepanyan wrote on Twitter.

The Azerbaijani defence ministry issued a statement accusing Armenia of breaking the cease-fire.

“Armenia is blatantly violating the ceasefire regime,” the statement said, claiming there had been attacks in two directions on the frontline.

The cease-fire was agreed after 10 hours of talks sponsored by Russian Foreign Minister Sergey Lavrov.

## Hundreds displaced and injured

Since September 27, more than 400 people have been killed in

fighting over the contested region. Nagorno-Karabakh is officially part of Azerbaijan, but has been under control of ethnic Armenian forces backed by Armenia since the end of a separatist war in 1994.

Armenian Foreign Minister Zohrab Mnatsakanyan and his Azerbaijani counterpart, Jeyhun Bayramov, agreed to a cease-fire “on humanitarian grounds for exchanging POWs and other detained persons and dead bodies,” according to a statement read out by Lavrov.

Armenia and Azerbaijan also agreed to “start substantive talks aimed at the quickly reaching a peaceful solution,” Lavrov added.

## International ramifications

The ceasefire deal was set to put a hold on a conflict that has threatened to spin out of control, potentially pitting Turkey, a close ally of Azerbaijan, against Russia, which has a defense pact with Armenia.

The European Union, Russia and the United States have all called for the fighting to stop and for peace talks to be mediated by representatives from France, Russia and the United States, known as the Minsk Group. **dw**

## CORONAVIRUS UPDATE

# Spain imposes curbs in Madrid region to stop COVID-19 spread

**MADRID:** The Spanish government on Friday decreed a 15-day State of Alarm with immediate effect for the Madrid region to limit the spread of coronavirus. The decision was taken in an emergency cabinet meeting called 24 hours after a Madrid court had struck down a government order that imposed restrictions on mobility in

the Madrid municipality and nine other municipalities in the region, arguing that limiting movement infringed “fundamental” rights.

At a press conference held after the cabinet meeting, Health Minister Salvador Illa explained that “last week 63 people died of COVID-19 in the Community of Madrid. Currently 3,369 people are in

hospital in the Community of Madrid, 498 of them are in intensive care fighting for their lives.”

The State of Alarm re-imposes mobility restrictions on around five million inhabitants in the region and retains the limit of 50 percent occupancy in bars, restaurants and gymnasiums. A maximum of six people are allowed to

meet in public or private.

The central government of Prime Minister Pedro Sanchez has acted quickly to impose the regional State of Alarm because this Friday sees the start of a long weekend in Spain and it is deemed important to prevent hundreds of thousands of people from leaving the capital. **xinhua**

# Swiatek wins French Open

The world number 54, became the first ever Grand Slam singles champion from Poland, the youngest French Open winner since 1992 and the ninth first-time champion in the past 14 Grand Slams

**TEEN SENSATION:** The 19-year-old did not drop a set throughout the tournament. She beat fourth seed Sofia Kenin 6-4, 6-1.

**Djokovic to meet with Nadal** Novak Djokovic will be locking horns with Rafael Nadal in the final of the French Open as the Serbian emerged triumphant in the semi-final clash against Stefanos Tsitsipas.

Djokovic defeated Tsitsipas 6-3, 6-2, 5-7, 4-6, 6-1 on Friday (local time). If Djokovic wins the French Open, then he will become the first man in half a century to win all four Grand Slams twice.

In the match against Tsitsipas, Djokovic won the first two sets comprehensively, but the fifth-seed Tsitsipas staged a comeback and won the third and fourth set, send-

ing the match into the fifth and final set. In the final set, Djokovic staged a remarkable comeback to win 6-1 and set up a final showdown with Nadal on Sunday, October 11.

Earlier on Friday, twelve-time French Open champion Rafael Nadal reached his 13th Roland Garros final as he defeated Argentina's Diego Schwartzman 6-3, 6-3, 7-6.

With this win, Nadal also registered his 99th win at the Roland Garros. The Spaniard made his debut at the French Open in 2005 and he is now just one victory away from equalling Roger Federer's all-time record of 20 Grand Slam titles. **DW/ANI**

**PARIS:** Poland's Iga Swiatek has made history. The 19-year-old, who did not drop a set throughout the tournament, beat fourth seed Sofia Kenin 6-4, 6-1 to win the 2020 French Open.

In doing so, the world number 54, became the first ever Grand Slam singles champion from Poland, the youngest French Open winner since 1992 and the ninth first-time champion in the past 14 Grand Slams.

FOOTBALL

## Koeman lauds Ansu Fati's performance

**BARCELONA:** Barcelona manager Ronald Koeman has lavishly praised Ansu Fati and is impressed with how the player has performed despite being so young.

Barcelona, in the 2020-2021 season of La Liga, have played three matches so far, registering two wins and a draw. The 17-year-old, Fati, scored twice against Villarreal to hand Barcelona a 4-0

win. He netted a goal against Celta Vigo as well, as Barcelona won the match by 3-0. "His performance is of the highest level. We are talking about a player who is only 17 years old. Playing three consecutive games of top-level football at that age means he is very good. He is also a kid who wants to learn; he trains to learn and improve, and we are here to help him," the club's

official website quoted Koeman as saying. Koeman also said that he is "happy with the squad" and wants the team to work hard.

"I am happy with the squad that we have. We have tried to improve: With some things we've done that, and others we haven't, but that's also partly due to the club's financial situation. We have to accept it and work hard," he said. **ANI**

## Bowlers shine in KKR's late comeback to topple KXIP

**ABU DHABI:** Kolkata Knight Riders bowlers staged a late comeback to defeat Kings XI Punjab by two runs in a nail-biting thriller here at Sheikh Zayed Stadium here on Saturday.

KXIP collapsed from 149/2 to 158/5 in the last two overs as KKR bowlers made a comeback to clinch the final ball thriller. KXIP needed 14 runs off the final over but Sunil Narine exceptional bowling performance denied Punjab a much-needed win. In the final ball, Glenn Maxwell smashed a four that almost looked a six as KXIP lost the match by 2 runs. Chasing 165 runs, KXIP got off to a solid start and smashed 47 runs without losing a wicket in the powerplay. Also, Andre Russell dropped a skier from Rahul giving the KXIP skipper a second chance.

The duo completed the 100-run mark in the 13th over with both Mayank and Rahul smashing their respective half-century as KXIP looked solid in the chase. KKR got their first break-

through when Prasidh Krishna dismissed Mayank in the 15th over. With 50 runs still needed, Nicholas Pooran came out to bat and started off from where he had left the other night.

KXIP rushed to 136/1 in 16 overs as the Rahul led-side looked comfortable in the chase. However, in a knick of time, Sunil Narine dismissed Pooran when KXIP needed 21 runs from 16 balls. In the end, KXIP fell three runs short of the target courtesy of some fine bowling by Narine and Prasidh Krishna.

Earlier, after opting to bat first, KKR had a worst possible start as they lost two early wickets. Opener Rahul Tripathi (4) was sent back to the pavilion by pacer Mohammed Shami in the third over while Nitish Rana (2) failed to contribute to the scoreboard.

In the fourth over, a big mix-up between Gill and Rana costed KKR in their second wicket. Both were caught at the same end of the crease.

Eoin Morgan joined Gill in the

middle and had a 49-run partnership for the third wicket. Spinner Ravi Bishnoi scalped the third wicket for Punjab. Morgan (24) was trying to go over the short boundary but he was caught at long-on by Glenn Maxwell.

KKR skipper Dinesh Karthik and Gill played furiously and added a quick partnership of 82-run from 51 balls. Meanwhile, Gill amassed his sixth IPL half-century.

Andre Russell departed after scoring five runs. In pursuit of two runs, Karthik fell short of his crease and was run-out on the last ball of the innings. He played a knock of 58 runs off 29 balls including two sixes and eight fours.

For Punjab, Shami, Bishnoi, and Arshdeep Singh scalped one wicket each.

Brief scores: KKR 164/6 [Shubman Gill 57, Dinesh Karthik 58, Arshdeep Singh 1-25]

beat KXIP 162/5 [KL Rahul 74(58), Mayank Agarwal 56(39), Prasidh Krishna 3-29, Sunil Narine 2-28]. **ANI**

# Madayn woos foreign investors to Sultanate

More than 80 investors and businessmen took part in the seminar 'Investment Incentives in Madayn'

Times News Service

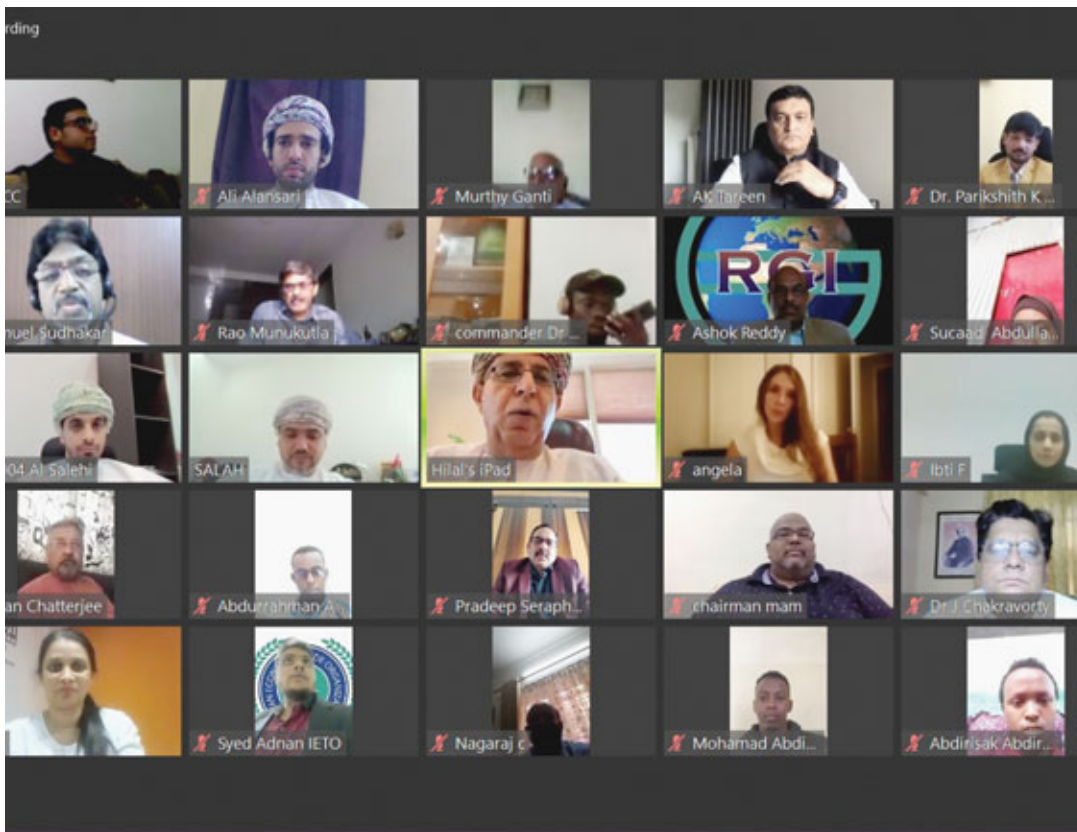

**MUSCAT:** The Public Establishment for Industrial Estates – Madayn, in cooperation with the Asian-Arab Chamber of Commerce in India, organised a virtual seminar entitled 'Investment Incentives in Madayn'.

More than 80 investors and businessmen took part in the seminar which comes in line with the efforts made by Madayn to attract more foreign investments to the Sultanate and strengthen partnerships with the private sector, particularly in the industrial sector.

Speaking during the seminar, Hilal bin Hamad Al Hasani, Chief Executive Officer of Madayn, emphasised on the strong bilateral trade relations between the Sultanate and India. Al Hasani said that the seminar presents an opportunity to introduce the incentives and facilities offered by Madayn to the participating investors and businessmen.

Al Hasani added that Madayn aims at enhancing the Sultanate's position as a leading regional centre of manufacturing, ICT, innovation and entrepreneurship excellence. To achieve this, Madayn is making significant efforts to attract industrial investments and provide continued support through regionally and globally competitive strategies, good infrastructure, value-adding services, and easy governmental processes.

On his part, Dr Asif Iqbal, Presi-

dent, Asian-Arab Chamber of Commerce, stated that this online seminar offers an opportunity to strengthen relations with Oman by meeting and interacting with representatives from different countries. "I can recall our visit to Oman last year through a business delegation that went to explore the business and investment opportunities in the Sultanate of Oman in general and Madayn in particular, and I should emphasise that Oman offers an ideal business and investment destination for businessmen and investors," Iqbal pointed out.

Khalid Al Salhi, Director of Marketing and Promotion at Madayn, elaborated on the available investment opportunities in the industrial cities that fall under the umbrella of Madayn in various sectors. Al Salhi explained that the incentives offered by Madayn to

the investors include lease period of lands and facilities for up to 30 years, renewable for the same period, right to waive the lease right for the remaining period of the contract, right to sell constructions and buildings on the leased land, right to involve new partners in the lease contract, fair evaluation of buildings and facilities upon the termination of the lease contract, developed and equipped lands with basic services (water, electricity, telecom, roads) and transparent legal frameworks illustrating rights and obligations, punctuality in service delivery in addition to other incentives.

Al Salhi added that Oman Investment and Development Holding Company (Mubadrah) was established by Madayn to strengthen Public-Private Partnership (PPP) and to correspond

to the local, regional, and global economic changes and developments. Mubadrah aims at ensuring the best services to the Omani industrialists and investors to meet their requirements and offer an ideal business environment in line with the best international best practices.

Salah Al Zakwani, Chief Investment Officer (CIO) at Shumookh Investment and Services Company, delivered a presentation to highlight the investment opportunities available at Madayn's industrial cities in education, health care, oil and gas, utilities, food and beverages, travel and leisure, and industrial goods and services. Madayn established Shumookh Investment and Services to develop infrastructure projects and encourage investments in Madayn's industrial cities.

\$2 BILLION FEES

## US imposes fees on aluminium coil products coming from 18 countries

Times News Service

**MUSCAT:** The United States imposed new fees of \$2 billion on aluminium coil products coming from 18 countries, including India, Turkey, Germany and Italy, and the list did not include Russia, China or Canada.

This came according to what US Commerce Secretary Wilbur Ross said, on Friday, during an interview with "Fox News."

The list of countries that will be subject to the fees includes Germany, Bahrain, Oman, Brazil, Croatia, Egypt, Greece, India, Indonesia, Italy, Romania, Serbia, Slovenia, South Africa and South Korea, Spain, Taiwan and Turkey. The petitions were filed by the Aluminium Association Common Alloy Aluminium Sheet Trade Enforcement Working Group, whose members are Aleris Rolled Products, (Beachwood, Ohio), Arconic, (Bettendorf, Iowa), Constellation Rolled Products Ravenswood, (Ravenswood, WVa.), JW Aluminium

Company (Daniel Island, S.C.), Novelis Corporation (Atlanta), and Texarkana Aluminium, (Texarkana, Texas).

The US Secretary of Commerce added that the fees will be imposed immediately on countries including Germany and Bahrain, while the US International Trade Commission will issue its final decision in February 2021, according to Reuters.

Last March, the US Commerce Department launched an investigation into possible dumping by 18 countries in the US aluminium market. The ministry also examined whether 4 countries from this list illegally subsidise their exports.

While Russia is not included in the list, which was announced by the US Secretary, despite the fact that 'Rusal' is one of the leading companies in the world. In 2019, it accounted for 5.9 per cent of global aluminium production, and the company is present in 20 countries and employs about 64,000 people.

## New Age Banking Summit calls for acceleration in digital banking

Times News Service

**MUSCAT:** The fifth edition of New Age Banking Summit Oman, supported by Oman Banks Association, drew a good response from the banking industry and fintech sectors.

In his keynote address, Tahir Salim Al Amri, Executive President, Central Bank of Oman emphasised on CBO's role in facilitating the growth of fintech, encourage electronic payments, risk management controls and customer protection. Talking about the new initiatives in payments, he said, "The wholesale payment system, namely, the Real Time Gross Settlement System (RTGS), is in an advanced stage of upgrade and will be up and running 24x7 by the first half of 2021. This will make Oman the first country in the Arab Gulf region to operate the RTGS 24x7. It will help businesses to make high-value payments round the clock, which will greatly help the payment system participants manage their funds efficiently."

In a separate presentation in the Summit, Ali Hassan Moosa, CEO of Oman Banks Association reflected on the need for the banks to gear up for the changes at an accelerated pace with the growing popularity of open banking, instant P2P payments, cashless multicurrency exchanges, behaviour based personalised offers, a super e-wallet that works across borders and blockchain-based contracts, etc.

The summit also hosted a

# India's auto sector hopes for recovery in upcoming festive season

**MUMBAI:** Amid economic slowdown and the lingering impact of COVID-19 lockdown, automobile manufacturers are hoping for a quick rebound in sales during the upcoming festive season, according to a channel check report by Emkay Global Financial Services.

The retail volume improvement in August and September has been driven by pent-up demand, positive rural sentiment, shift toward personal mobility and fading impact of price hikes, it said.

Demand has been better in small cities and rural areas in comparison with metros and tier-one cities. Wholesales witnessed healthy growth due to inventory restocking with dealers before the festive period. Inventory days have increased to 30 to 40 days in passenger vehicles and 35 to 45 days in two-wheelers. Led by robust rural demand and personal mobility, the share of entry-level segments is increasing both in passenger vehicles and two-wheelers.

Emkay said the companies benefiting from this trend include Maruti Suzuki in passenger vehicles and Hero MotoCorp in two-wheelers.

Premium segment volumes are also improving, supported by the lesser impact on income levels and adequate finance availability for customers in these segments.

The demand has been better for salaried class people (especially government employees) in comparison to self-employed and business class segments. Demand has been better for personal vehicles

in comparison with fleet vehicles.

Emkay said that financiers are being extremely selective in providing loans to the fleet segment.

Original equipment manufacturers are working toward ramping up production, and most companies are working at over 80 per cent utilisation.

Given that the festive season is starting after a lengthy 'inauspicious' period, the demand pick-up is expected across segments. For tractors, the growth is expected to be in double digits while for passenger vehicles and two-wheelers, it is expected to be flat or in single digits.

"The months of August and September have brought plenty of signs that volumes may be well along with recovery from a sharp cyclical downturn," said Emkay. -ANI

# First shipping line between Oman and Umm Qasr Port

This direct line connecting Oman ports (Salalah, Duqm, Sohar) to Iraq's Umm Qasr Port, which will start operating a weekly trip, comes to affirm Oman's well-established position as a logistics hub

**MARITIME TRANSPORT:** This notable move bolsters Asyad Group's efforts to expand the maritime transport network between Oman and the world; facilitate cross-regional trade; boost direct export and import and provide logistics solutions to its customers - ONA

**MUSCAT:** Asyad Group has launched the first shipping line between Oman ports and Iraq's Umm Qasr Port.

This notable move bolsters the group's efforts to expand the maritime transport network between Oman and the world; facilitate cross-regional trade; boost direct export and import and provide logistics solutions to its customers.

This direct line connecting Oman ports (Salalah, Duqm, Sohar) to Iraq's Umm Qasr Port, which will start operating a weekly trip, comes to affirm Oman's well-established position as a logistics hub and to shore up direct export and import of goods from their countries of origin. The newly introduced direct line not only will increase the volume of intra-regional trade, but it will also open

up new investment prospects between Oman and Iraq.

In addition to enhancing both countries' re-export capabilities, the new direct operations between Oman ports and Umm Qasr Port will provide various options to businessmen, exporters, importers, and shipping agents for exporting Omani products and importing Iraqi commodities.

It is worth mentioning that

ASYAD Group's Container Line service has been recently ranked 55th globally by the international database platform, Alphaliner. The platform's index ranks the top 100 container line services based on capacity and reliability of service. Furthermore, Omani ports, directly linked to 86 commercial ports in more than 40 countries, have 200 direct weekly trips for export and import. - ONA

## ENERGY PRODUCTION

### Oil prices fall amid reported end to Norway strike

**NEW YORK:** Oil prices retreated on Friday after oil workers in Norway called off a strike that had threatened energy production in the country. The West Texas Intermediate (WTI) for November delivery lost 59 cents to settle at \$40.60 a barrel on the New York Mercantile Exchange, while Brent crude for December delivery decreased 49 cents to 42.85 dollars a barrel on the London

ICE Futures Exchange.

Norwegian oil firms struck a wage bargain with labour union officials on Friday, ending a strike that had threatened to cut the country's oil and gas output by close to 25 per cent next week, according to Reuters. The production outages in Norway due to the strike and the Gulf of Mexico due to a hurricane lent buoyancy to prices this week.

"If no solution is found at the

mediation talks due to take place between the union and the producers' association today, the strike by Norwegian oil workers could cost just shy of 1 million barrels per day of oil equivalent," Carsten Fritsch, an energy analyst at Commerzbank Research, said.

For the week, the front-month contract for WTI gained 9.6 per cent, while Brent crude rose 9.1 per cent. - Xinhua

ROUND-UP

# JW Marriott Muscat now becomes official catering partner for OCEC

The partnership will see JW Marriott Muscat undertake all of the catering requirements for Oman Convention and Exhibition Centre's events, which are held throughout the year

**MUSCAT:** Continuing to enhance the Sultanate's meetings and conferences offerings, JW Marriott Muscat is now the official catering partner for the Oman Convention and Exhibition Centre (OCEC).

The agreement was signed between Giuseppe Ressa, General Manager of JW Marriott Muscat and Eng. Said Al Shanfari, Chief Executive Officer of OCEC, with Zoltan Kali, Senior Vice President of Omran Hospitality, also in attendance. The partnership will see JW Marriott Muscat undertake all of the catering requirements for OCEC's events, which are held throughout the year. Developed

by Oman Tourism Development Company (Omran), the five-star hotel and OCEC are situated side-by-side in the up-and-coming Madinat Al Irfan development, and an integral part of the country's conference tourism drive.

Giuseppe Ressa said, "With the Oman Convention and Exhibition Centre directly connected with the hotel, it is a natural partnership and one that we're delighted to embark upon. Bringing our tailored culinary experiences and 'Mindful and Present' philosophy to OCEC's prestigious events, we look forward to contributing further to boost Oman's growing events sector and

adding another layer to our role in attracting both business and leisure travellers to Oman."

Eng. Said Al Shanfari added, "We host a wide range of successful events, from conferences and exhibitions to weddings and banquets, each requiring different

catering services. Food and beverages are extremely important to our overall guest experience, which is why we chose to partner with JW Marriott Muscat, whose hospitality is second-to-none. We look forward to welcoming domestic and, when we can, international

travellers, and continuing to establish OCEC as a hub for world-class events of all kinds."

The agreement between JW Marriott Muscat and OCEC will add another dimension to the wider Madinat Al Irfan development, and Omran's vision to create

lifestyle and tourism destinations that enhance the experience of local, regional and international visitors. As part of the Omani government's strategy to diversify the national economy, Omran plays a key role in developing the tourism sector as one of the key drivers of future growth for the Sultanate.

Strategically located just 10 minutes' drive from Muscat International Airport, JW Marriott Muscat is the latest addition to Omran Group's hotel portfolio, the only hotel which is directly connected to the Oman Convention & Exhibition Centre, and the first five-star hotel in Madinat Al Irfan.

The Oman Convention & Exhibition Centre is located in its own fully integrated precinct only four kilometres from Muscat International Airport. The design of the Centre ensures a flow of the meeting spaces to suit the most discerning conference and exhibition organisers. It also incorporates expansive concourse areas to enable ease of large delegations with floor to ceiling windows overlooking landscaped gardens and water features.

## CONTEMPORARY URBAN DESIGNED SPACE

## Al Mouj Muscat launches residential neighbourhood Murooj Lanes

**MUSCAT:** Al Mouj Muscat, Oman's leading Integrated Tourism Complex (ITC) and a public-private venture between the UAE-based Majid Al Futtaim Properties, Omran and Tannia, announces the launch of Murooj Lanes, a new residential neighbourhood where homes are priced to suit first-time buyers and investors.

Situated within the much sought-after Ghadeer District in the heart of Al Mouj Muscat, strong demand is anticipated for this first phase of development which features prices that range from OMR53,000 for a studio apartment and OMR155,000 for a three-bed townhouse with all properties modern in their design, with spacious layouts, great views and high quality of build synonymous with all of the community's residences.

Murooj Lanes is located close to the marina and championship golf course and within easy strolling distance of the cafes and restaurants of The Walk. In addition, there are first-class community facilities including a school, nursery, masjid, beach and parks, swimming pools, gyms, cycle and jogging paths.

"I am excited to announce the

launch of Murooj Lanes, a beautifully crafted residential neighbourhood with contemporary urban designed combined with natural landscapes, open spaces and recreational amenities. A place where people can enjoy a perfect day, every day," comments Nasser Al Sheibani, CEO of Al Mouj Muscat.

"Despite the impact of COV-

ID-19 on the overall economy, we have a strong belief that Murooj Lanes will receive an enthusiastic response from the market. This is because Al Mouj Muscat has a track record for creating pioneering places and products where people's needs are at the heart of the development process and Murooj Lanes is no different." Al Sheibani added.

Some 6,000 people from 85 nationalities already call Al Mouj Muscat home, living within a thriving and now well-established neighbourhood.

Al Mouj Muscat is making the path to buying convenient, asking for just a 5 per cent deposit to reserve a property off-plan and where flexible payment options are also available to buyers.

## BRILLIANT YOUTH PRIVATE SCHOOL

## BYPS gears up for a safe school return

**MUSCAT:** Brilliant Youth Private School (BYPS) follows the Cambridge curriculum to give students a holistic academic experience through quality teaching and learning, serving students of Kindergarten to Grade 4.

BYPS is all set to welcome students 'Back to School!' With a commitment to provide a Safe and Secured learning environment to its learners, The School Management has left no stone unturned. The School has been proactive and innovative in its approach to providing the best safety facility to all its students by devising various safety systems and approaches.

Every student is provided with an especially built transparent personal cubicle, ensuring that there is no physical contact with other students at all times. Installation of UV based air purifiers provides assurance that students breathe in clean and purified air that is free from germs, bacteria and viruses. iPad-based Learning that facilitates and embraces the change in education dynamics. Every learner gets a free iPad to enhance their learning experience through technology embedded lessons and augmented learning experience. Reduced student strength in each class has ensured that the students remain safe in their learning environment. The school will work in 2 shifts ensuring students can attend school every day.

BYPS is advocating and educating parents towards providing Immunity Booster Healthy Foods in their child's lunch boxes. A weekly health chart by a di-

etician to all the parents will help them provide innovative, healthy nourishment to their child.

The school follows a stringent daily cleaning and sanitizing routine to ensure that the students return to a sparkling clean and germ-free environment every day. Use of sterilising foot bath at the entrance, hands-free sanitizer dispenser, a daily record of body temperature, separate entry and exit gates, maintaining a 1.5-metre social distancing in class and outside, personalised stationery and individual activity-based resource kits, daily briefing to the students to follow safety norms in class and play-ground. All these measures will be implemented under best supervision.

"It is no exaggeration to claim that team BYPS has worked relentlessly without any respite, to put in their efforts in learning, upgrading and training them to provide the best learning environment to our students whether in school or online. I can proudly say that we are ready with all our gears and grit to welcome our Munchkins' back to school," said BYPS Principal Jamila Ashfaq.

## EXPANSION

## Meethaq inaugurates new branch in Sinaw

**MUSCAT:** Meethaq, the pioneer of Islamic banking in Oman from Bank Muscat, celebrated the official opening of its newest Sinaw branch recently.

The opening of the new branch is in line with the bank's vision "To serve you better, everyday" and to continue to expand operations across the Sultanate to offer a world-class Islamic banking experience to customers in every corner of the country. With the opening of the new branch, the total number of Meethaq branches in Oman has now reached 22, which includes 11 branches in the Governorate of Muscat and 11 branches in other governorates. In addition to the new Sinaw branch, Meethaq is also happy to announce the plan to open two more

new branches during this year.

The newly opened branch adds to the bank's already an excellent network of branches and a dedicated network of 40 ATMs/CDMs as well as access through the Bank Muscat ATM/CDM network across different governorates of the country.

The branch, which will operate from 8 am to 2 pm, will provide

many facilities and services that are compatible with the principles and provisions of Islamic Sharia. It will offer a full suite of retail banking operations and services such as home finance, auto finance and other retail facilities. In addition, the new branch will also have a Hafawa Centre for the benefit of Premium Banking customers and is staffed by well qualified and ex-

perienced Omani employees. It is expected to see a large number of customers because of its excellent location and accessibility.

The new branch is designed to create a unique ambience and banking environment in line with the Meethaq brand values of true partnership, transparency and trust. Meethaq plans to expand further its network of branches as well as launch new products and services to complement the unique Islamic banking experience. Meethaq Islamic Banking continues with its strong and consistent growth across all business activities. It retains its leading industry position in terms of asset size, deposit base and profitability as well as branch network and distribution channels.

# Muriya joins 'Within Oman' campaign of Omran Group

**MUSCAT:** Omran Group, the executive arm of the Sultanate for tourism development, announced that four more hotels and resorts that are under Muriya, have joined its nationwide promotional campaign #WithinOman.

A total of 17 hotels and resorts are now participating in the campaign. This will contribute to achieving the campaign's objectives of stimulating domestic tourism, through a wide array of special packages and experiences at these hospitality assets across the Sultanate.

Through this collaboration, Omran Group aims to boost the development and growth of Oman's tourism sector by working hand in hand with its key partners. Muriya represents the successful partnership between Omran Group and Orascom Development Holding (ODH). The company is currently managing development the Jebel Sifah development in Muscat and the Hawana Salalah development in Dhofar, which are considered two of the largest integrated tourism complexes in the Sultanate.

Muriya's hotels participated in the campaign through the Hawana Salalah project that consists of three prestigious hotels and resorts, Salalah Rotana Resort, Fanar Hotel and Residences and Juweira Boutique Hotel. Sifawy Boutique Hotel, which is located in Jebel Sifah in Muscat is also a part of the campaign. Juweira boutique hotel falls under the 'Enjoy' category (OMR25), whilst the other three hotels are under the 'Relax' category (OMR45).

"The 'Within Oman' staycation campaign strives to provide safe

and enriching local tourism experiences. This is through providing citizens and residents with unique hospitality offers and packages at the Group's diverse hospitality assets," said Hafidh Al Hadhrami, Asset Manager at Omran Group.

"We are delighted that Muriya joined our efforts through two of its projects, the Jebel Sifah and

Hawana Salalah. This endeavour reflects the importance of combining efforts that support the development of the tourism sector, as well as enhancing the economic diversification," he added further.

"We are looking forward to working with Omran Group by being part of #WithinOman campaign with the participation of all our hotels in Oman. Omran's drive to encourage travellers to be introduced to various parts of Oman is a great initiative and we are looking forward to providing our best services to all our visiting guests", said Ahmed Dabbous, CEO, Muriya.

'Within Oman' campaign features three package categories -

Relax (OMR65), Chill (OMR45) and Enjoy (OMR25); tailored to suit every holidaymaker. The packages offer free stay for two kids aged below 12 including breakfast and many exclusive offers on a variety of recreational activities that add an enjoyable twist to the staycation experience.

Notably, Omran Group's development partnership portfolio includes strategic joint ventures with several prestigious global developers. Muriya is a development partnership between Omran Group, which represents the government's share of 30 per cent and Orascom Development Holdings that owns the remaining 70 per cent.
