

EARTH EXPERIENCED ITS WARMEST SEPTEMBER ON RECORD, SAYS EU

The Earth has experienced its warmest September since record-keeping began, according to a European Union agency's report published on Wednesday. The Copernicus Climate Change Service, which tracks global temperatures, published statistics that show 2020 is, so far, tying with 2016 for the warmest calendar year. Global temperatures in January, May and September exceeded those in 2016 and tied in April and June. **>A5**

TOP THREE INSIDE STORIES

OMAN Fisheries e-marketing project success story

1 The fisheries electronic marketing project, funded to the tune of OMR184,120 by the Agriculture and Fisheries Development Fund, which has started its operations, is a remarkable success story of the Ministry of Agriculture, Fisheries and Water Resources. Khalid bin Mohammed Al Balushi, Director of the Project and Manager of the Central Fish Market (Wholesale), said that the project adds to the success stories of the ministry in creating enabling infrastructure. **>A3**

SPORTS Qatar's World Cup preparations hailed

2 FIFA President Gianni Infantino described preparations for the FIFA World Cup Qatar 2022 as 'impressive' during a whistle-stop tour of the country this week. Infantino met with tournament organisers and took part in a seven-a-side match at Al Bayt Stadium, a 60,000-capacity venue designed to resemble a traditional Arab tent. The striking arena will be inaugurated in the coming months and has been confirmed as the venue for the opening game of the tournament. **>A8**

MARKET Airline industry losses expected at \$77 billion

3 The International Air Transport Association (IATA) has warned that the global airline industry will burn through \$77 billion dollars in cash during the second half of 2020 (almost US\$13 billion a month or US\$300,000 per minute) despite the resumption of operations. The slow recovery in air travel will see the airline industry continuing to burn through cash at an average rate of five billion to six billion dollars per month in 2021. **>B1**

MINISTERIAL DECISION

Sayyid Theyazin forms panel to assess sports, culture programmes

MUSCAT: His Highness Sayyid Theyazin bin Haitham bin Tarik Al Said, Minister of Culture, Sports and Youth, yesterday issued a ministerial decision to form a committee to evaluate sports, youth and culture activities and programmes.

The decision comes in implementation of the Royal Decree No. 87/2020 establishing the Ministry of Culture, Sports and Youth and defining its specialisations and organisational structure.

The committee will evaluate the activities and programmes undertaken by the departments under study prior to the cancellation and

merging of the Ministry of Sports Affairs, the Ministry of Arts Affairs and the Ministry of Heritage and Culture.

It will look into all that relates to cultural affairs, youth, culture and sports as stated in Annex (1) of the Royal Decree No. 87/2020.

The decision reflects an approach to keep up with aspirations of youth and to explore futuristic aspects that pertain to developing generations that are capable of creativity and innovation in all areas. The aim is to contribute to the accomplishment of Oman Vision 2040.

The ministerial decision ap-

points Sayyid Said bin Sultan bin Ya'arub Al Busaidi, Cultural Affairs Under-Secretary at the Ministry of Culture, Sports and Youth, as Chairman of the assessment committee—along with the following as members of the committee:

Ahmed bin Abdullah bin Mohammed Al Busaidi, Hilal bin Saif bin Salim Al Siyabi, Khalifa bin Saif bin Rashid Al Issa'ee, Hisham bin Jumaa bin Said Al Sinani, Mohammed bin Sulaiman bin Mohammed Al Yahmadi, Awadh bin Mohammed bin Abdullah Al Luwaih and Maryam bint Nassir bin Sulaiman Al Kharboushiya (also as rapporteur of the committee). **—ONA**

TAKE FLU VACCINE TO REDUCE COVID-19 SEVERITY

Do not think that if you took the vaccine last year, you do not need it this year

Times News Service

MUSCAT: Everyone in the Sultanate is advised to take the influenza vaccine during the COVID-19 pandemic for greater immunity as the combined effect of coronavirus and flu can turn fatal, an official from the Ministry of Health has said.

Oman has registered 1,000 deaths due to COVID-19, according to data from the Ministry of

Health, pointing to an increase in new infections.

Talking exclusively to the *Times of Oman*, Dr Abdullah Al Qayoodhi, Consulate on Infectious Diseases and Immunology, Head of the Infection Prevention Section and one of the pioneers in the Directorate General of Disease Surveillance and Control at the Ministry of Health, said, "I advise everyone in the Sultanate to take the influenza vaccine as soon as possible

during the next few weeks."

"Actually, we have divided people into several categories: One group consists of those having chronic diseases like diabetes, heart disease, blood pressure etc, others are pregnant women, elders, those with weak immunity, medical staff on the frontlines, and men and women who do not suffer from any chronic diseases. Even a person not suffering from any chronic disease is advised to take the influenza vaccine," the Ministry of Health official has said.

"The Ministry is planning to vaccinate all children whether they have any chronic disease or not, to protect them from COVID-19 and to limit its spread. If a person is suffering from influenza virus and gets infected with coronavirus

at the same time, there will be severe complications." Dr. Abdullah added, "The risk of influenza virus is no less than the coronavirus because some people don't have very strong immunity leading to their hospitalisation and fatality. I advise all to take this influenza vaccine as soon as possible."

Regarding when to take the vaccine, Dr Abdullah said, "It should be taken in the beginning of October or November. People who have chronic diseases, pregnant women, elders, and those with weak immunity, medical staff on the frontlines and elders usually get the vaccine free from the Ministry of Health while others can take it from the private hospitals."

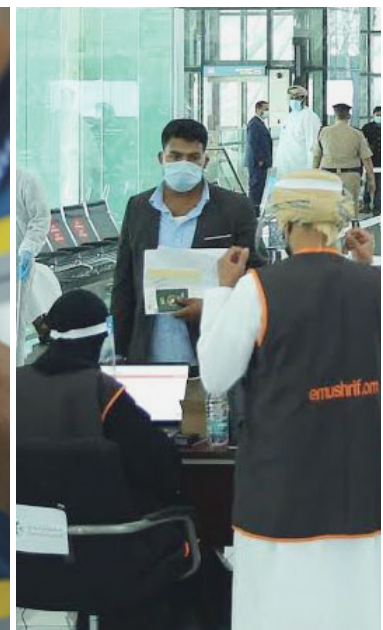

Explaining the reason behind the production of influenza vac-

cine everywhere, Dr Al Qayoodhi said, "The influenza virus alters its genetic sequence every year after it is exposed to the vaccine. So to build the body's resistance against the disease, some changes are made to match its mutations. Therefore, companies manufacture different types of vaccines every year to make them effective."

He concluded, "No one should think that if he had taken the vaccine last year, he does not need it this year. It should be taken annually for protection from the flu. I personally take the vaccine every year. The influenza virus can change its genetic sequence twice a year, so it is very important to take the influenza vaccine to protect your body and reduce the severity of COVID-19."

SAFETY MEASURES

COVID-19 PCR test facility at Salalah Airport begins operation

Times News Service

MUSCAT: The COVID-19 Polymerase Chain Reaction (PCR) testing has officially started at Salalah Airport, according to Oman Airports. Following the decision of the Supreme Committee on resuming commercial international flights to and from Oman from October 1, Oman Airports has put in place precautionary and preventive measures to ensure the safety and health of passengers, and staff at the airports.

"Oman Airports has implemented protective measures at the terminal building and at security checkpoints to make the travel procedures and screening process safer for all. Travellers are reminded to observe the travel, safety, and health measures," an Oman Airports statement said.

MINISTRY OF HEALTH

Sultanate registers 1,000 deaths from coronavirus

Times News Service

MUSCAT: The Sultanate has registered 1,000 deaths from COVID-19 since the pandemic began, according to the Ministry of Health, pointing to a signifi-

cant increase in new cases of coronavirus infections in the region.

On Wednesday, statistics on Tarassud app, the coronavirus monitoring app launched by the ministry, showed that the Sultanate registered 10 new deaths, with

the total reaching 1,000.

According to the Tarassud plus application, till yesterday Muscat governorate recorded the highest number of deaths with 332 followed by North Al Batinah with 225 deaths.

COMMON REPORTING STANDARD

Webinar to discuss Tax Authority's new decision

MUSCAT: The Tax Authority, in collaboration with Deloitte, will organise a webinar on Common Reporting Standard (CRS), on Thursday, October 15, 2020.

The workshop is in light of the issuance of Oman Tax Authority's decision no. 78/2020, dated September 2020, in regards to Standards for Automatic Exchange of Financial Account Information.

The objectives of the webinar is to clarify who are the persons liable to Automatic Exchange of Financial Account Information, obligations per the decision, reg-

istration and reporting procedures, deadlines and how to use the Oman Tax Authority AEOI online Portal.

The Tax Authority's decision on Automatic Exchange of Financial Account Information was issued to put into effect the Convention on Mutual Administrative Assistance in Tax Matters signed by the Sultanate with the Organisation for Economic Co-operation and Development (OECD) in November 2019. The convention aims to tackle tax evasion. -ONA

QATAR AIRWAYS

Four weekly flights between Muscat and Doha launched

Times News Service

MUSCAT: Qatar Airways has announced resumption of its services to Oman with two weekly flights from Muscat and another two weekly flights in codeshare with Oman Air.

The first service touched down at Muscat International Airport on October 1, 2020.

Qatar Airways' Acting Vice President for Middle East, Levant and Caucasus region, Bennet Stephens, said: "We are excited to resume scheduled services to Muscat, setting a new milestone in the gradual rebuilding of our regional network."

During the COVID-19 crisis, Qatar Airways has been committed to bringing people home and reuniting family and friends with their loved ones. Passengers travelling from Muscat can now enjoy enhanced connectivity to many key global destinations across our expanding network including London, New York, Houston and Montreal via our

award-winning hub, Hamad International Airport."

The national carrier of Qatar has been flying to Oman since 2000, when it first began direct services to the Omani capital, Muscat. A codeshare agreement between Qatar Airways and Oman Air allows passengers from Oman to benefit from more options and enhanced connectivity to the most popular destinations in Europe and United States of America via Hamad International Airport.

Global connectivity

Qatar Airways continues to lead the recovery of international air travel, offering more global connectivity than any other airline. With the airline's network never falling below 30 destinations throughout the pandemic, the resumption of services to Oman will see the airline's global network more than triple in size by mid-October.

Flying to over 90 destinations worldwide with more than 680 weekly flights, Qatar Airways

now operate two flights per week to and from Muscat International Airport, providing seamless connection from Oman to the US, Europe, Africa, and Levant regions.

To ensure travellers can plan their travel with peace of mind, the airline has extended its commitment to offering passengers flexibly booking options. For full terms and conditions visit qatarairways.com/RelyOnUs.

According to the latest IATA data, Qatar Airways has become the largest international carrier between April to July 2020 by fulfilling its mission of bringing people home.

This enabled the airline to accumulate unmatched experience in carrying passengers safely and reliably as well as position the airline to effectively rebuild its network. The carrier has stringently implemented the most advanced safety and hygiene measures on board its aircraft and in Hamad International Airport.

HEALTH WATCH

HEART ATTACKS DURING THE COVID-19 DAYS

Why it is important not to ignore symptoms that could indicate cardiac abnormalities? What could happen if you delay a visit to your clinic when you experience symptoms of a heart attack?

A heart attack or imyocardial infarction happens when an artery supplying blood to the heart muscle (myocardium) is suddenly blocked due to the formation of a blood clot. When the artery is suddenly blocked the part of the heart it supply starve for oxygen and nutrients; if beyond certain time this continues that area “ dies” or get infarcted. So in the case of heart attack “time is muscle”. If we delay longer more damage to the muscle results. Important fact is once the heart muscle is damaged it's permanent and as more mucle is damaged the working of the heart becomes weaker.

This is why it's important to get treatment as early as possible in the event of a heart attack. If there's doubt better go to the emergency care of the hospital. Earlier the better. The doctor will assess the situation and plan the treatment options either by clot dissolving medications or by doing an emergency angioplasty to open the blocked artery.

Most of the deaths in the case of a heart attack happen during the first 24 hours. Sudden deaths from a heart attack is always due to cardiac arrest a deadly complication due to the electrical system generating the heart beats going wrong

and heart stops beating or beats abnormally. This is why during the first 24 hours of a heart attack patients are monitored in a coronary care unit. If a cardiac arrest occurs it needs immediate attention and electrical Shocks delivered by an instrument called defibrillator to reset the heart beats. If several minutes pass without restoring heart beats and circulation, death follows.

Second cause of death in a heart attack is due to cariogenic shock; when a large amount of heart muscle is damaged heart loses its ability to pump. This pump failure leads to low blood pressure and failure of circulation of blood in the body leading to multiple organ failure and death.

All these can be prevented by early and correct treatment making early medical attention important in the event of a heart attack.

What are the obvious symptoms and what are the hidden / indirect indications?

Most people equate heart attack to any kind of chest pain. It's important to note that often the heart attack or myocardial infarction is felt as a 'discomfort' pressure, heavy weight in the chest, burning sensation or as a feeling of indigestion rather than as a normal pain! The discomfort may be in the centre of the chest, left side of the chest, right side of the chest, upper part of the abdomen, throat, lower jaw, both or either arms,

the central area between the shoulder blades.

The discomfort may radiate from the chest to throat, left or right arms. It may or may not be associated with sweating, vomiting or nausea making it sometimes difficult to distinguish from indigestion. So if you're at a higher risk of having a heart attack say above 45 years of age, have history of high blood pressure, diabetes, high cholesterol or smokes, better to go and get checked at an emergency care unit if any of the symptoms persist.

Few more details to remember: heart attack will not cause momentary sharp pointed pains

that last few seconds. It lasts minutes to hours. It usually is not a well localised pain one can locate with a finger. However, nowadays age is not a criterion of exclusion. We have seen people in their late twenties or early thirties present with heart attacks. If in doubt do go and check.

Is visiting clinics safe during the pandemic and what precautions should one take?

Emergency treatment should be sought even in these days of pandemic. All hospitals have mechanisms and triages to segregate suspected COVID

patients from other patients. All proper precautions are mandatory in the hospitals and in place under the Ministry of Health guidelines and supervision. So it's safe to go to hospital and get treatment if you feel you are in need. And always remember to observe social distancing and

to wear a mask while in public places; observe hand hygiene. Stay safe and healthy.

CLIMATE CHANGE

Earth experienced its warmest September on record, says EU

PARIS: The Earth has experienced its warmest September since record-keeping began, according to a European Union agency's report published Wednesday. The Copernicus Climate Change Service, which tracks global temperatures, published statistics that show 2020 is, so far, tying with 2016 for the warmest calendar year.

Global temperatures in January, May and September exceeded those in 2016 and tied in April and June. "There is currently little difference between 2020 and 2016 for the year-to-date," Copernicus researcher Freja Vambourg said.

CORONAVIRUS

Isolation ward for COVID-19 patients launched in Sur

SUR: A function was organised at Sur Referral Hospital in South Al Sharqiyah Governorate for the launch of an isolation ward project for the coronavirus infected persons yesterday.

The ceremony was organised under the auspices of Dr. Ahmed bin Mohammed Al Saidi, Minister of Health in the presence of Dr. Yahya bin Badr Al Mawali, Governor of South Al Sharqiyah.

Dr. Khalid bin Said Al Saadi, Director General of Health Services in South Al Sharqiyah Governorate said that the project which is worth OMR761,000, has been financed by Oman Liquefied Natural Gas Company.

The total area of the project is 838 sq. metres and aimed to support the health sector in the Sultanate, mainly in relation to COVID-19 pandemic.

Public E-Auction Sale announcement

The Ministry of Transport, Communications and Information technology announces the Establishment of a Public E-Auction sale on www.safqa.om for selling unusable government movables as follows:

Sale items field inspection location	Movables on sale	Field inspection time	Public E-Auction
Darsit, Wellayat Matrrah Muscat Governorate	Water tanks	October 25 2020	October 26 2020
Al-Wusta Governorate (Shanah Harbour office)	Old fence+diesel electric machines+diesel tank+ACs		
Al-Ghleel workshop Governorate of North and south Al-Batinah	Furniture iron scraps +signboards+iron poles+iron fences		
Al-Buraimi Governorate			
Al-Wusta Governorate (Roads department in Wellayat Haima)			
Musandam Governorate (Roads department in wellayat Khasab)			

Potential auction bidders must take the following steps to participate:

- 1- Register in (www.safqa.om)
- 2- Potential purchasers of the Government movables shall pay interim insurance electronically in safqa website, which is (1000 OMR), one thousand Omani Rials.
- 3- Successful bidders must pay Auction commission fee which is (3%) of the value of his purchases.
- 4- The Ministry of Transport, Communications and information technology and Safqa Auctions shall not be responsible for the movables if they are not matching the pictures and descriptions. They will not also be responsible for the validity of the auctioned items or its technical condition thus bidders must carefully inspect all the auctioned items in the stated field inspection times.
- 5- Successful bidders must pay for their obtained purchases within 48 hours after winning the auctioned items.
- 6- Successful bidders must dismantle and move their purchases within a week after winning/obtaining their auctioned items. in case of failing to do so in the specified time period , The Ministry of Transport, Communications and information technology shall not be responsible if the items suffered damage or lost.
- 7- The sold auctioned items not returnable or able to be discounted in price and any similar claims will not be received.
- 8- The insurance payment will be confiscated of one of the 2 following conditions are met :
A- If Successful bidders didn't pay for their obtained purchases within stated payment period
B- If Successful bidders fail to move their purchases within the specified period for moving the items.

<http://www.transport.gov.om>

Royal Court Affairs

Auction Announcement

The Directorate General of Supplies at the Royal Court Affairs announces an auction through closed envelopes to sell movables (medical instruments and miscellaneous scrap materials) in the Auction Yard at Al Khoudh - Muscat and the Auction Yard at Sahalnot - Salalah (western to Dhofar Cattle Feed Company Farm) according to the following conditions:

1. Movables may be inspected from 3:00 p.m. to 5:30 p.m. on Sunday and Monday, 11th & 12th of October 2020.
2. Movables are to be sold on As-Is basis, and the Royal Court Affairs shall not be responsible for any damage or loss of any parts thereof after paying their value.
3. No one may enter the Auction Yard during and after the Auction unless they present their original ID card. It is also compulsory to adhere to the precautionary measures approved by the Higher Committee Dealing with Corona Virus (COVID-19) to ensure public safety.
4. Those wishing to enter the Auction must pay a temporary insurance amount of RO 500/- (five hundred Omani Riyals), to be refunded after completely moving the purchased items. The insurance amount may be paid during the inspection period through e-payment.
5. Bids to be submitted in sealed envelopes and put in the designated boxes in the Auction Yard at Al Khoudh - Muscat, and the Directorate General for Supplies in Royal Court Affairs building No. 3 - Salalah. The envelopes should be titled (Movables Bidding) with no reference to the bidder. Given that, the bidding deadline is 12:00 pm on Thursday 16th of October 2020.
6. The successful bidder must pay the complete purchase value immediately after the Auction and must pay the auctioneer's fees at 3% of the total purchase value.
7. The successful bidder must move the movables within a maximum period of 7 working days as of the end of the auction; otherwise, the Royal Court Affairs shall have the right to resell the movables at the expense of the buyer, incurring him all the re-sale expenses. The successful bidder shall bear full responsibility for the movables that are not moved within the mentioned period.
8. The successful bidder shall sign a pledge not to dispose of the purchased items in any manner that would prejudice the reputation of the Royal Court Affairs, and attach it with the submitted bid.
9. The Royal Court Affairs shall preserves the right to suspend or postpone the sale without giving reasons.

HEAVY FIGHTING

War displaces Nagorno-Karabakh's population

YEREVAN: Half of the population of the Nagorno-Karabakh region have been displaced since fighting erupted last week between Armenian separatists and Azerbaijan, rebel officials said on Wednesday.

"According to our preliminary estimates, some 50 percent of Karabakh's population and 90 percent of women and children — some 70,000 to 75,000 people — have been displaced," Karabakh

rights ombudsman Artak Beglaryan told a news agency.

The two sides have been in conflict for decades over the ethnically Armenian region of Azerbaijan, which broke away from Baku in the 1990s. The war then claimed at least 30,000 lives.

Shelling by Azerbaijan during the last week has reduced Karabakh's main city into a ghost town, with many unexploded bombs in

the streets.

Nearly 290 people have been killed since the most recent clash erupted, including 47 civilians.

Fears are growing the conflict will develop into a full-blown war. Neighbouring Iran warned against this on Wednesday, with President Hassan Rouhani saying, "We must be attentive that the war between Armenia and Azerbaijan does not become a regional war."

Armenia fears genocide

Russian President Vladimir Putin weighed in on Wednesday to call for fighting to stop. He described the conflict as a "tragedy."

President Vladimir Putin, who holds major sway in the area, which was part of the USSR for much of the 20th century, also said he is in constant contact with Armenian Prime Minister Nikol Pashinyan. **dw**

WOMEN POWER

Two get Nobel Prize in chemistry for discovery of 'genetic scissors'

STOCKHOLM: Chemical scientists Emmanuelle Charpentier and Jennifer A. Doudna were awarded the Nobel Prize in chemistry on Wednesday, becoming only the sixth and seventh women ever to win the award in over a century.

The pair's research concerned "the development of a method for genome editing." Charpentier of France currently works in Germany and Doudna, an American, discovered the CRISPR-Cas9 "genetic scissors" in 2012, a breakthrough that "has taken the life sciences into a new epoch," the Nobel Committee said.

"This year's prize is about rewriting the code of life," the committee said. The tool the scientists developed can be used to change the DNA of animals, plants and microorganisms with extremely high precision.

Charpentier is head of the Max Planck Institute for the Science of Pathogens in Germany. Doudna is a professor at the University of California, Berkeley.

Rewriting the code of life
CRISPR is a molecular tool that

allows scientists to make extremely precise changes to the genetic code of organisms that are still alive. It stands for "clustered regularly interspaced short palindromic repeats," patterns in DNA discovered already in 1987, but which remained mysterious for years until evidence emerged in the mid-2000s that they belonged to the antiviral defence system of bacteria. What was happening was the bacteria were taking sections of the DNA of viruses and building them into their own genome.

The enzyme used by the bacteria has the codename Cas, and this is where the key breakthrough came. In 2012, teams in the US and Europe led by Doudna and Charpentier showed how the Cas system could be turned into a universal 'cut and paste' tool for editing gene sequences. **dw**

US Treasury

Secretary and Pelosi have resumed negotiations over the relief package in recent days, but the talks have so far yielded no deal

WASHINGTON: US President Donald Trump said on Tuesday that he has asked his administration's negotiators to withdraw from COVID-19 relief talks with Democrats until after the presidential election in November.

"I have instructed my representatives to stop negotiating until after the election when, immediately after I win, we will pass

a major Stimulus Bill that focuses on hardworking Americans and Small Business," Trump tweeted Tuesday afternoon, claiming that House Speaker Nancy Pelosi is not negotiating in good faith.

"Nancy Pelosi is asking for \$2.4 trillion dollars to bailout poorly run, high crime, Democrat States, money that is in no way related to COVID-19. We made a very generous offer of \$1.6 trillion dollars and, as usual, she is not negotiating in good faith," the

president tweeted.

In a statement responding to Trump's tweets, Pelosi said "walking away from coronavirus talks demonstrates that President Trump is unwilling to crush the virus."

"Once again, President Trump showed his true colors: putting himself first at the expense of the country, with the full complicity of the GOP Members of Congress," she said, adding they're rejecting the urgent warnings from

Federal Reserve Chairman Jerome Powell. During a speech to the National Association for Business Economics virtual annual meeting earlier on Tuesday, Powell urged policymakers to provide more relief to households and businesses hurt by the pandemic, warning a prolonged slowing economic recovery could trigger typical recessionary dynamics.

"At this early stage, I would argue that the risks of policy intervention are still asymmetric. Too little support would lead to a weak recovery, creating unnecessary hardship for households and businesses," he said.

"Over time, household insolvencies and business bankruptcies would rise, harming the productive capacity of the economy, and holding back wage growth," said the Fed chief.

US Treasury Secretary Steven Mnuchin and Pelosi have resumed negotiations over the relief package in recent days, but the talks have so far yielded no deal, with significant differences remaining in key areas such as aid to state and local governments. **Xinhua**

FIFA President praises Qatar’s World Cup 2022 preparations

Infantino met with tournament organisers and took part in a seven-a-side match at Al Bayt Stadium

DOHA: FIFA President Gianni Infantino described preparations for the FIFA World Cup Qatar 2022™ as ‘impressive’ during a whistle-stop tour of the country this week. Infantino met with tournament organisers and took part in a seven-a-side match at Al Bayt Stadium, a 60,000-capacity venue designed to resemble a traditional Arab tent. The striking arena will be inaugurated in the coming months and has been confirmed as the venue for the opening game of the tournament. “It is an absolute pleasure to play football at this amazing stadium, where on November 21, 2022, we will kick off the greatest FIFA World Cup ever,” said Infantino. “Al Bayt Stadium is incredible: a true football stadium. It has a

WORLD CUP: Preparations for Qatar 2022 have continued despite the pandemic following the implementation of stringent health and safety protocols to protect workers from COVID-19.

real football feel and a local touch. The tented shape makes it truly unique, and the Arabic patterns in the roof are just beautiful. I am speechless.” Preparations for Qatar 2022 have continued despite the pandemic following the implementation of stringent health and safety protocols to protect workers from COVID-19. Khalifa International, Al Janoub and Education City stadiums have all been inaugurated

and are fully operational, with three others – Al Bayt, Al Rayyan and Al Thumama – in the final stages of construction. All eight venues will be completed well in advance of the tournament. “I am very pleased with Qatar’s progress ahead of the tournament. We have seen the plans, but when you see the reality, it is even more impressive. Qatar has been able to continue to advance during the last six months while the world

stood still – from infrastructure preparations to important developments such as the recent labour reforms announced by the government. If I was confident before, now I can say I am even more,” added Infantino. “In 2022, everything will be close by and fans from all nationalities will have the opportunity to gather in the same public areas and enjoy Qatar’s mild temperatures at this time of the year. It’s

a World Cup like no other was or ever will be.” H.E. Hassan Al Thawadi, Secretary General of the Supreme Committee for Delivery & Legacy, echoed Infantino’s comments and said he was proud of the foundations laid by the country in the lead-up to the tournament. “We are immensely proud to be hosting the Arab world and Middle East’s first FIFA World Cup in 2022. “With that pride comes a sense of responsibility, and that factor has been enhanced since the world has had to come to terms with COVID-19. We are optimistic that by kick-off in November 2022, we’ll be ready to welcome fans from every continent here in Qatar to celebrate together, united by their shared passion for football.” Al Thawadi added: “It was a pleasure to welcome President Infantino to Al Bayt Stadium today. Al Bayt is particularly meaningful to us as it represents the town of Al Khor as well as the culture and history of Qatar through its special design. We’re all looking forward to the first ball of the FIFA World Cup 2022 being kicked in this stadium two years from now.” Nasser Al Khater, CEO of FIFA World Cup Qatar 2022 LLC, said Qatar was in excellent shape and looking forward to welcoming fans from all over the world in a little over two years’ time.

IPL
Tendulkar hails Bumrah’s ‘exceptional’ bowling against RR

NEW DELHI: Former Indian batsman and legendary cricketer Sachin Tendulkar heaped praises on pacer Jasprit Bumrah after he took four wickets against Rajasthan Royals at the Sheikh Zayed Stadium in Abu Dhabi. Bumrah returned with the figures of 4-20 in his four overs which helped Mumbai Indians bowl out Rajasthan for 136 in 18.1 overs and win the game by 57 runs. Tendulkar said Mumbai Indians started really well by picking up early wickets and hailed the “exceptional” bowling performance of Bumrah. “A strong performance by @mipaltan while batting & bowling. They started really well by picking early wickets and continued providing regular breakthroughs. @Jaspritbumrah93 was exceptional. Enjoyed watching him bowl tonight,” Tendulkar tweeted. Chasing a formidable target of 194, only Jos Buttler, who played a knock of 70 runs, got going for the Steve Smith-led side. The team failed to build partnerships and kept losing wickets at regular intervals. Apart from Bumrah, Trent Boult and James Pattinson bagged two wickets each. **ANI**

TENNIS

Nadal to meet Schwartzman in French Open semi-finals

PARIS: Rafael Nadal thrashed Italian teenager Jannik Sinner in straight sets to progress to his 13th Roland Garros semi-final on Wednesday. Argentina’s Schwartzman has set up a semi-final clash with 12-time champion Rafael Nadal. Nadal beat Sinner 7-6(4), 6-4, 6-1 in the quarter-final clash to

clinch the 98th victory in his 100th match at the French Open. “I’m very, very happy to be in the semi-finals again here at Roland Garros. No doubt that this is the most important place for me and the most beautiful place to play. [I’m] just very, very happy,” ATP quoted Nadal as saying on the court.

One of the toughest challenges in sports is beating Nadal on the Parisian clay. But Sinner, the reigning Next Gen ATP Finals champion, showed no fear against the 12-time champion. The teen served for the first set and led by an early break in the second set before succumbing against the legendary lefty, who has been

in devastating form this fortnight. Nadal has not lost a set en route to his 13th semi-final at this event, only dropping 34 games in 15 sets. Argentina’s Diego Schwartzman outlasted Dominic Thiem in a five-hour-long marathon clash to advance to his first Grand Slam semi-final. **ANI**

Muscat Securities Market (MSM) general index (30) added 5.1 points, comprising a rise by 0.140 per cent to close at 3,608.12 points, compared to the last session, which stood at 3,603.07 points.

CEO OF THE YEAR

Sohar International CEO recognised at Oman Banking & Finance Awards

Times News Service

MUSCAT: In recognition of his exceptional leadership in taking Sohar International to greater heights and setting new benchmarks in banking and finance excellence, Ahmed Al Musalmi, Chief Executive Officer of Sohar International won the top honour at the Oman Banking & Finance Awards 2020 receiving the 'CEO of the Year – Banking' award.

This award comes as a true testament to the resilient growth strategy that has been set in full gear with an exemplary leadership style enabling the bank to reach new heights and continue to redefine banking.

The award was presented to Ahmed Al Musalmi, Chief Executive Officer of Sohar International at the prestigious Oman Banking & Finance Awards (powered by OER) by the Chief Guest and Key-note Speaker, Tahir Al Amri, Executive President, Central Bank of Oman, in a ceremony held at Hotel Sheraton Oman where Sheikh Salim Bin Mustahail Al Mashani hosted the event.

Speaking with, Mohammed Mahfoudh Al Ardhi, Chairman of the Board of Directors at Sohar International on the bank's CEO's recognition, he said, "Sohar International continues to be steered by a team of leaders that are highly capable with extensive knowledge and come from different backgrounds. With a pool of extremely talented and skilled individuals, harnessing such powers truly requires a leader that can inspire and drive change to build a culture of innovation in the bank, which is today apparent in Sohar International's benchmark services that define modern banking and finan-

Ahmed Al Musalmi, Chief Executive Officer of Sohar International

cial excellence. Al Musalmi has been a significant catalyst to the changes witnessed in the bank and its overall performance. He has been able to build a strong brand identity for Sohar International that reflects the strength, potential and promise of our futuristic vision to be a world-leading Omani service company that helps customers, communities and people to prosper and grow."

"I take this opportunity to congratulate Ahmed Al Musalmi on this remarkable achievement which is a true reflection not only on his efforts but also a reflection of his leadership skills that have enabled his leadership team and the staff at large to drive the Sohar International brand to greater success

and wins," added Al Ardhi.

Sohar International has persistently delivered robust growth, reflecting the bank's capabilities underpinned by continued investment in key growth initiatives. Driven by the desire to build an organisation that can withstand the vagaries of business cycles and deliver long-term sustainable growth, Sohar International continues to follow an institutional building approach for the future. The bank has achieved strong financial performance in 2019, which is a testament to the strategy that has been set forth by the leadership, the organisation's approach to business, and collective performance of its workforce. The results have led the bank to attain an overall increase of more

than 17 per cent in net profits to achieve OMR34.406 million when compared to the year 2018 reflecting a healthy trajectory for Sohar International in the financial year 2019. The key driving factor behind the success is the development and implementation of an agile growth strategy underpinned by innovative and customer-centric banking services to the fast-growing client base.

Sohar International has been conferred with a number of awards and accolades at prestigious international and national platforms over the years. The Bank recently won the 'Best Bank (Large Size) in Growth' award at the Oman Banking & Finance Awards 2020.

The recognition of its financial performance the bank also received the 'Best Performing Bank' in Oman Award by the UK based Financial Times monthly publication - *The Banker*, in the Top 100 Arab Bank 2020 which is resounding endorsement of Sohar International's success in the journey to achieve bigger wins for the people of Oman. The bank was also adjudged as a frontrunner under the Innovative Custom Components category at the sixth edition of the Infosys Finacle Client Innovation Awards.

The Oman Banking & Finance Awards, powered by OER, are presented to select banks and industry professionals for their path breaking performance, unique solutions and market leadership. The event was attended by senior-to-mid level bankers, fintech experts, finance & investment professionals, insurance experts and business consultants. The event was held under strict social distancing norms.

'Airline industry will drain \$77bn in first half'

IATA called on governments to support the industry during the coming winter season with additional relief measures

GENEVA: The International Air Transport Association (IATA) has warned that the global airline industry will burn through \$77 billion dollars in cash during the second half of 2020 (almost US\$13 billion a month or US\$300,000 per minute) despite the resumption of operations.

The slow recovery in air travel will see the airline industry continuing to burn through cash at an

average rate of five billion to six billion dollars per month in 2021.

IATA called on governments to support the industry during the coming winter season with additional relief measures, including financial aid that does not add more debt to the industry's already-highly-indebted balance sheet. So far, governments around the world have provided 160 billion dollars in support including direct aid, wage subsidies, corporate tax relief and specific industry tax relief including fuel taxes.

IATA's Director General and CEO Alexandre de Juniac said the COVID-19 crisis is deeper and longer than the industry could have imagined and initial support programmes are running out.

"We must ring the alarm bell again. If these support programmes are not replaced or extended, the consequences for an already hobbled industry will be dire," he said. IATA estimates that despite cutting costs just over 50 per cent during the second quarter, the industry went through US\$51 billion in cash as revenues fell almost 80 per cent compared to the year-ago period. - **ANI**

Ahmed Al Musalmi

Sohar International Chief Executive Officer, receives

CEO of the Year – Banking Award

Charting a winning path.

Exceptional leadership. Commitment to excellence. Dedication to our vision for the future. Recognised for taking Sohar International to greater heights than ever before, join us in congratulating our CEO Mr. Ahmed Al Musalmi for receiving the 'CEO of the year' award in the Banking category of the prestigious Oman Banking & Finance Awards.

Select Toyota models now with even more attractive benefits

In Oman, the nationwide parts and service network of Saud Bahwan Automotive supports Toyota's outstanding product quality

MUSCAT: Toyota is offering enthusiasts one of the finest opportunities ever to own their dream Toyota; with even more exclusive benefits on select models.

The models include Camry HEV LE (2019YM) available with cash gift OMR3,000, 1-year comprehensive insurance and service 3 yrs / 40,000km and special interest rates. Fortuner 2020 YM 2.7 Classic GLX and 4.0 Luxury NAVI and 4.0 LTD SPL available with cash gift OMR2,400, 1-year comprehensive insurance and service 3 years / 30,000km and the Rush 2020 YM (Premium and Exclusive) available with cash gift OMR1,700, 1-year comprehensive insurance and service 3 years / 30,000km.

The offer is available until stocks last. (Prospective buyers may be advised that the benefits vary between model variants, model year and manufacturing year. Terms & Conditions apply).

Customers visiting Toyota showrooms to experience their favourite model can rest assured that their safety is its priority and that all health and safety guidelines are strictly being followed. Its staff wears protective masks and maintain social distancing; our showrooms and display care

are regularly sanitised; option of prior appointment with sales consultants is available.

The Camry Hybrid has a remarkably clean, silent & smooth drive, thanks to the increased power and reduced fuel consumption of a Dynamic Force 2.5 Litre CVT (Electrically Controlled) Engine with EV mode. This generates very high fuel efficiency along with lowered emissions.

The striking and comfortable cabin is completely redesigned, the interior is a fusion of functionality, futuristic styling, and a high degree of personal space. While the driver is situated in a sporty cockpit-type environment having gauges angled toward his or her direction, the front passenger is treated to a sense of openness and freedom that results from the innovative dashboard design.

The Camry employs an advanced collision safety technology designed to not only ensure occupant safety but also to reduce pedestrian injuries. It has also

been equipped with Hill-start Assist Control (HAC), which assists driver in preventing low-speed collisions caused by rolling backwards while attempting to set off on an incline.

Additionally, the Camry features six SRS airbags, including driver and front passenger airbags, front-side airbags and full-length side curtain airbags that help reduce the collision energy imparted to occupants' heads in the event of a side collision. Also, it is provided with three-point Emergency Locking Retractor (ELR) seatbelts with pre-tensioners and force limiter for the driver and front passenger, along with three-point Emergency Locking Retractor for the rear seats.

The RAV4 brings more style, more sport and more utility back while enhancing the agile handling, everyday comfort and exemplary fuel efficiency. It is designed to tackle urban, suburban, and great outdoor adventures with equal finesse. The look is tougher, and there's greater capability with a new all-wheel-drive system, yet the ride is smoother and quieter, with new comfort touches inside. Complementing the RAV4's daring looks is a thrilling drive personality imbued by two powertrain options.

A new 2.5-litre four-cylinder Dynamic Force engine which produces 204 hp and 243 nm of torque, is mated to a new eight-speed Direct-Shift automatic transmission (8AT), resulting in quicker and smoother acceleration. As with any other Toyota model, safety remains a top priority for the RAV4 that comes with an advanced safety system, a comprehensive array of safety features to protect its occupants, such as 7 SRS airbags, Vehicle Stability Control (VSC), Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD), Brake Assist (BA), Electric Parking Brake (EPB) with Brake Hold function, Downhill Assist Control (DAC) among many others.

SRS Driver Airbag, SRS Front Passenger Airbag and SRS Knee Airbag (driver's side). In terms of seatbelts, a three-point Emergency Locking Retractor (ELR) seatbelts are equipped. When an impact is experienced during a collision, the Seatbelt Locks to restrain the passenger. Other reassuring safety features include the Vehicle Stability Control (VSC) and the Tyre Pressure Monitoring System (TPMS).

The Toyota Rush exhibits a modern and sleek identity with its long cabin and robust body. The front of the vehicle features large, wraparound headlamps and a thick lower grille that seamlessly encompasses the Toyota logo and headlamps for an aggressive and dominating look.

Delivering a dynamic driving experience, the Toyota Rush is available with a 1.5-litre four-cylinder engine that generates a maximum output of 103.3 hp and 13.87 kg-m of torque and incorporates the Dual VVT-i (Variable Valve Timing-intelligent) technology, which continuously optimises intake and exhaust valve timing in response to driving conditions for exceptional performance.

As with any other Toyota model, safety remains a top priority for the Toyota Rush, which offers a comprehensive array of safety features to protect its occupants, namely six SRS airbags that include Dual Front SRS Airbags, Side Airbags for the front seats, and Curtain Shield Airbags for front and rear seats; Vehicle Stability Control (VSC); Anti-lock Braking System (ABS); Electronic Brake-force Distribution (EBD); Traction Control (TRC); Hill Assist Control (HAC); Rear Parking Sensors; Rear Fog Lamp; and Tyre Pressure Monitoring System (TPMS), among many others.

In Oman, the nationwide parts and service network of Saud Bahwan Automotive supports Toyota's outstanding product quality. No wonder that today, Toyota is one of the most trusted and well-known brands.

OMANI HERITAGE

Return to stunning beach luxury at Al Baleed Resort Salalah by Anantara

SALALAH: Al Baleed Resort Salalah by Anantara is delighted to invite guests back to lush beachfront luxury, with the resort officially reopened on October 1.

Guests can take advantage of amazing savings with two new offers. Book accommodation in our elegantly decorated Garden and Sea View Rooms and Villas along with exquisite dining opportunities at our fabulous restaurants. The team at Al Baleed Resort are all busy preparing to welcome you into our "new normal" and make you feel completely comfortable.

Committed to wellbeing

New health and safety measures have been implemented at the resort, that goes beyond the strict measures recommended by the World Health Organisation (WHO), from check-in and luggage sanitation to enhanced cleaning schedules with the latest in cleaning technology being used. Our restaurants will be set up in compliance with social distancing guidelines and a la carte meals will be carefully prepared and served to the table. Guest rooms will also contain a new hygiene kit. A new dedicated Guest Guardian will be

present at the resort to ensure all standards are both achieved and go beyond to ensure your health and safety at all times, so you can stay with peace of mind.

Giving back to those who care

Al Baleed Resort Salalah by Anantara is pleased to offer Oman's frontline workers a free stay at our hotel. We are giving away 50 room nights that can be booked any time from now until the end of October on a first-come, first-served basis. We appreciate all that our frontline workers have done and hope

they can take some well-deserved relaxation with a night on us. To qualify, please send your details to branjitkar@anantara.com, we will notify you if you are among the first 50, and we will send you further information on how to proceed with the booking.

Escape to a private beach

Choose from two incredible offers to save more on your stay at Al Baleed Resort Salalah by Anantara. We're offering Omani and GCC residents a Staycation offer with Private Pool Villa accommodation, breakfast daily and 30 per cent

savings at Anantara Spa and all our restaurants.

Stay five nights or more and you can enjoy further savings on your room or villa, complimentary mini-bar, a barbecue dinner, two massages and free laundry. Toast a return to normality in our verdant paradise with balmy temperatures, an infinity pool and private beach. Immerse yourself in Omani heritage with day-trips to nearby historical sites and trekking across mountainous terrain.

Peace of mind

General Manager of Al Baleed

Resort Salalah by Anantara, Mohammad Wazir reassures guests, "Myself and the entire team here at the resort are dedicated to making your stay as relaxing as possible. In keeping with Anantara's holistic approach to service, we all understand the need for extra care to ensure peace of mind. I look forward to welcoming guests back to this paradise that I am lucky enough to call home and we can't wait to deliver heartfelt hospitality once again."

Experience a return to extraordinary Omani luxury at Al Baleed Salalah Resort by Anantara.

All-new 2021 Honda HR-V unveiled

The Honda HR-V has been positioned as a fun and sporty SUV which has been designed for life

MUSCAT: Omasco, the official distributor of Honda cars and bikes in Oman, announced the arrival of the refreshed 2021 HR-V through a virtual event from their Wattayah showroom.

The HR-V marks the presence of an entry-level SUV from the Honda range. The Honda HR-V has been positioned as a fun and sporty SUV which has been designed for life. It comes with three grades for the region.

The exclusive online event was held on October 7 using Facebook live, with spectators comprising of customers, fans, and Omasco staff, joining in to see the all-new vehicle. The event was hosted by, Sulaiman Al Rashdi, National Sales Manager, Omasco Honda, who said, “We at Omasco, wholly support the government’s initiatives and guidance as they steer us to safety from this pandemic and encourage people to adopt all safety measures. In the light of these efforts, we decided to announce the arrival of the all-new 2021 Honda HR-V exclusively online.”

Exterior styling

The HR-V receives exterior styling that expands its appeal to the millennials. The grille is enhanced by a new interpretation of the “flying wing” rendered in dark chrome and extending over the new projector-style headlights. Under the chrome band, the grille opening has been restyled to emphasize a wide look, and the fog light housings have been enlarged to help give HR-V a more aggressive stance. Also in the front is a sporty front bumper that gives it an elegant yet rugged look. In the rear, Taillights with Integrated LED Light Bars give the HR-V a distinctive, sporty look.

New to the SUV-B segment is the Panoramic Sunroof, in the EX grade, making the HR-V feel like a large sporty SUV ready for the next adventure. The refreshed HR-V has 16” Alloy in the DX grade and new 17” alloy wheel design for the LX and EX grades.

Interior styling

The 2021 HR-V boasts of a youthful vibe with unique styling touches. The intuitively designed HR-V cockpit ensures that everything is where you need it. The elegant dashboard includes the very latest technology, it’s incredibly easy to understand and use. Beige Fabric (DX and LX Grade) and Beige Leather (EX Grade) gives the interior of the HR-V a premium comfort feel.

Designed to adapt to your lifestyle, the HR-V gives you a clever, comfortable and capacious interior. A centrally-mounted fuel

tank provides the HR-V with a huge boot and our novel 2nd – Row Magic Seats are further evidence of smart thinking. The 2nd - Row Magic Seats are designed to configure in lots of useful ways to increase its carrying capacity. The HR-V, like the Jazz, also has the feature of the 60:40 split rear seat. These ingenious 60:40 split seats can dive down to the floor, making a large space truly vast, or tip up to allow for sideways loading of awkward objects like a bicycle. With the new stay-spring mechanism for the hatch, it’s now easier than ever to access HR-V’s cargo space

of 1,456 litres.

HR-V also offers up to 100.1 cubic feet of passenger space with abundant rear-seat head and legroom, especially considering HR-V’s compact outer dimensions.

Some of the new features of the 2021 HR-Vis the 7-inch Display Audio with Touchscreen (LX and EX Grades) which allows you to mirror your smartphone. A Multifunction steering wheel puts the audio and cruise controls at your fingertips making it a driver-friendly interface. The HR-V EX Grade now features automatic climate control where you can adjust

the temperature of the cabin with the touch of a button. Standard on LX models and Smart Entry and push-button start.

Powertrain

The HR-V has spirited engine performance matched with low running costs. It features a responsive 140hp @6500rpm and a torque of 172 N-m @ 4300 rpm on a 1.8L i-VTEC petrol engine which maximizes economy and efficiency, achieving 16.9 km/l, on a tank of fuel. The HR-V is a front-wheel drive, driven by a 7-speed fully-automatic CVT(Continuously Variable Transmission).

With the CVT transmission, you can drive the car in a relaxed, automatic mode or you can change gear using the racing car-inspired, steering wheel-mounted paddle shifters (On EX Grade only). At full throttle, the CVT now features revised shift mapping that, under hard acceleration, more closely resembles the stepped gear changes of a conventional fixed-gear transmission. This “stepped” feel gives HR-V a more familiar feel during acceleration, while also helping to reduce interior noise levels.

Additionally, HR-V’s CVT uses a more refined and natural feeling engagement, staying at lower revs more often.

Chassis and suspension

The chassis incorporates a centrally mounted fuel tank, which provides perfect weight ratio and

concentrates the mass in the centre. This in conjunction with the amplitude reactive dampers give the HR-V excellent driving dynamics and minimising body roll.

Safety and driver assistive technologies

The 2021 HR-V also benefits from a standard list of active and passive safety features. This includes Vehicle Stability Assist™ (VSA) with traction control, driver and passenger front airbags standard on all grades, side airbags and side curtain airbags on the EX Grade only, Electronic Brake Distribution (EBD), Tire Pressure Monitoring System (TPMS), Hill Start Assist (HAS) and Honda’s next-generation Advanced Compatibility Engineering (ACE) body structure. EX Grade features a multi-angle rearview camera with wide view feature. All Grades also feature LED Daytime Running Lights (DRL) and rear corner parking sensors only in the LX and EX Grades.

Grade, colour availability

The all-new HR-V is available in three grades namely, DX, LX and EX and one interior colour – beige with black combination with various exterior colour options as below:

- White Orchid Pearl
- Lunar Silver Metallic
- Modern Steel Metallic
- Crystal Black Pearl
- Passion Red Pearl
- Brilliant Sporty Blue Metallic

Bank Muscat Premier Banking cards offer its customers exclusive privileges

MUSCAT: Bank Muscat, the leading financial services provider in the Sultanate, in line with its vision ‘To serve you better, everyday’ and commitment to a secure and convenient electronic payment option for customers, has created an experience of convenience and exclusive privileges for its Premier Banking cardholders.

They are also eligible for a complimentary Dragon Pass and a ‘Meet and Greet’ service with a 15 per cent discount at over 450 global destinations.

OAB picks winners of August Hasaad Savings draw

MUSCAT: Oman Arab Bank (OAB) has announced the names of the 131 winners of its monthly Hasaad Savings Scheme for August. This included 94 winners of the monthly branch draws of OMR 1,000 each, 10 winners of the Children’s Account draw (OMR 100 each), 20 winners of the Youth Account draw (OMR 100 each), five winners of OMR 500 of the Bank’s Salary Transfer draw and two winners of OMR 10,000 of the Elite draw from the Muscat branch.

Commenting on the results of the draw, Rashad Al Shaikh, Acting Head of the Retail Banking Division at OAB, said, “As we near the last quarter of the year, I am proud to note that we continue to see an increased number of savings from our customers. I believe that this is the main reason behind Hasaad, which is to promote a savings culture so that our customers have a fallback option for finances in the long run. Additionally, we will continue giving several exciting prizes to mark the success of the Hasaad scheme, with even more exciting prizes being rolled out at every consecutive draw till the end of 2020.”

The Hasaad scheme sees 94 lucky winners, with a minimum of one winner per month per branch, receiving a prize of OMR 500 and OMR 1,000 at the quarterly draws. In addition, ten winners are selected from the Children’s Account holders (aged 18 and below) and receive OMR 100 each. Twenty winners are selected from the Youth Account holders (aged between 18 and 27), each receiving

a prize of OMR 100. There are also two Elite winners of OMR 10,000 each per month.

The monthly Elite draw is replaced by a Grand Prize draw of OMR 50,000 for one lucky Elite customer, and occurs twice a year, in June and December. Oman Arab Bank also conducts a special ‘Big Prize’ draw of OMR 25,000 for one winner across its expansive branch network at the end of every quarter.

The Salary Transfer draw was introduced in 2020, which sees 5 winners per month receiving a prize of OMR 500 each, as well as a guaranteed gift to both children and youth (up to 27 years old) once a year. Oman Arab Bank is the only Bank providing a guaranteed gift to its youth customers.

“On behalf of OAB, I would like to extend my warmest congratulation to all of the winners of our latest draw. I also encourage everyone else to continue to save, so that they can increase their chances of winning. I wish everyone the best of luck in the remaining draws of the year,” Rashad added.
