INVEST IN OMAN'S FUTURE

SECURITY

STEADY AND ATTRACTIVE RETURNS

LIQUIDITY

Auction of R.O. 100 million, 3 years, @ 4.75% p.a.

Sultanate of Oman Government Development Bonds

The Central Bank of Oman announces an issue of Sultanate of Oman Government Development Bonds to be sold by auction. The 66th Issue of Government Development Bonds will be issued on Wednesday, 20/01/2021, carrying a coupon rate of 4.75% per annum for a maturity period of 3 years (maturing on Saturday, 20/01/2024). These Bonds will be auctioned on Monday, 18/01/2021. Investors may apply for these Bonds through competitive bidding only.

Security of Capital

Total security is offered as the Bonds are registered and transferable only by means of a document evidencing the transaction between a buyer and a seller through Muscat Securities Market. The Bonds are direct and unconditional obligations of the Government of the Sultanate of Oman.

Steady and Attractive Returns

Interest of 4.75% per annum is payable half-yearly during the life of the Bond, commencing from the date of issue (i.e. Wednesday, 20/01/2021). The interest will be paid semi-annually on 20th July and 20th January, every year till maturity of the Bond on Saturday, 20/01/2024. The first interest payment will be on 20/07/2021.

Liquidity

The Bonds can be liquidated before maturity by trading in Muscat Securities Market at the prevailing market price.

Collateral Advantage

The Bonds can be used as a collateral security to obtain loans from any commercial licensed bank.

Who Can Invest?

Resident and Non-resident Investors, such as Banks, Financial Institutions, Companies, Individuals and any other entity of any nationality.

How to Apply?

Prospectus and Application Forms can be obtained from any commercial licensed bank operating in the Sultanate of Oman. Completed applications can be submitted through any commercial licensed bank.

MSM Investor Code

The investor must provide the MSM Investor Code in his/her application.

Anyone who does not have MSM Investor Code, can obtain it from Muscat Clearing and Depository Co. (MCD) through their website at least one day prior to submitting the application to the commercial bank (www.mcd.gov.om) or can contact the following numbers:

Tel: +968 24822222 / 24822280 / 24822281 / 24822260

Fax: +968 24810555

E-mail: mcd.support@mcd.gov.om

Bank Account Details

An investor must provide the same Bank Account details registered with MCD.

66th ISSUE OPENS ON SUNDAY, JANUARY 10th, 2021.
CLOSES ON SUNDAY, JANUARY 17th, 2021.

THE MINIMUM SUBSCRIPTION AMOUNT IS R.O. 500 AND IN MULTIPLES OF R.O. 100 THEREOF

HM PARDONS 285 PRISONERS

MUSCAT: His Majesty Sultan Haitham Bin Tarik, the Supreme Commander, has issued a Royal pardon to a number of prisoners convicted of different cases. They included 285 prisoners, 118 of them are foreign prisoners. The Royal pardon of His Majesty the Sultan coincides with the anniversary of His Majesty's ascension to the throne and in consideration of families of the prisoners. — **ONA**

GLORIOUS PAST, PROMISING FUTURE

January 11 marks the first anniversary of His Majesty being sworn in as the Sultan of Oman, and since then, he has done much to improve the country's economic and social structure

Times News Service

MUSCAT: Oman will make big strides towards progress under the leadership of His Majesty Sultan Haitham Bin Tarik, say people in the country.

January 11 marks the first anniversary of His Majesty being sworn in as the Sultan of Oman, and since then, he has done much to improve the country's economic and social structure for the long-term.

Younis bin Ali Al Mandhari, the head of the Youth and Human Resources Committee at the Majlis Al Shura, said His Majesty's efforts to develop the country were geared towards Oman Vision 2040, the Sultanate's plan to

set up a diversified, sustainable economy and decent standards of living for all.

With this in mind, His Majesty has drafted many new laws and reorganised some of the state's apparatus so that it is more effective towards achieving these objectives.

"He prepared for Vision 2040 through various Royal Decrees and ministerial decisions, as well as by merging government bodies, ending some others, and creating some as well, to provide an agile and effective government with defined goals and results to serve the country. We look forward to continuing building Oman under the vision of our Sultan," he said. **>A12**

PLANE CRASH

HM sends condolences to Indonesian president

MUSCAT: His Majesty Sultan Haitham Bin Tarik has sent a cable of condolences to President Joko Widodo of Indonesia for the victims of the Indonesian plane which crashed in Java sea. In the cable, His Majesty expressed his sincere condolences and sympathy to President Widodo, families of the victims and the Indonesian people. His Majesty prayed to Allah the Almighty to rest the deceased's souls in peace and grant their families patience. -ONA

KING SALMAN

HM receives thanks

MUSCAT: His Majesty Sultan Haitham Bin Tarik has received a cable of thanks from the Custodian of the Two Holy Mosques King Salman bin Abdulaziz al-Saud of Kingdom of Saudi Arabia (KSA) in reply to His Majesty's condolences cable on the death of Prince Khalid Faisal Sa'ad I Al-Saud. In the cable, King Salman expressed his thanks for His Majesty the Sultan's sincere feelings and prayers. He prayed to the Almighty Allah to rest the deceased's soul in peace in paradise and protect His Majesty against all harms. -ONA

SIXTH ISSUE

Central Bank of Oman issues new banknotes

MUSCAT: The Central Bank of Oman (CBO) has issued new banknote denominations of OMR20, OMR10, OMR5, OMR1, OMR 1/2, and 100 baisa for circulation in the market.

This issuance is a completion of the sixth issue of the Omani banknotes (1441 H-2020G) which began by circulating the OMR50 banknote as of July last year.

Notably, the new banknotes will be legal tender and circulate side by side with other banknotes currently in circulation starting from 11 January 2021.

The CBO is currently working, in coordination with banks operating in the Sultanate, to make ATM, CDM, vending and all other withdrawal and deposit machines compatible with the new banknotes. -ONA

SIXTH ISSUE

Water production increases while power generation falls in October

Al Batinah and Al Dhahirah topped the list of governorates with the highest net electricity production, reaching 19,926.7 GW per hour

MUSCAT: The Sultanate's total electricity production at the end of October 2020 fell 3.1 per cent to reach 32,891.5 GW per hour compared to the end of the same month of 2019 when the total production was 33,955.1 GW per hour.

Meanwhile, water production at the end of October 2020 increased

by 6.5 per cent to reach 396.83 million cubic metres compared to 372.57 million cubic metres in the same period in 2019, according to statistics released by the National Centre for Statistics and Information (NCSI).

The total electricity production in the Governorates of Al Batinah

and Al Dhahirah reached 20,455.7 GW per hour at the end of October 2020 compared to the same period of 2019, when the production was 20,532 GW per hour. The total electricity production in Al Sharqiyah reached 7,432.9 GW per hour compared to an output of

7,240.5 GW last year, recording a rise of 2.7 per cent.

Meanwhile, total electricity production in the Governorate of Dhofar fell 4.4 per cent at the end of the 10 months of 2020, reaching 3,207.4 GW per hour compared to 2019, when it amounted to 3,354.6 GW per hour.

The total electricity production in the Governorate of Al Dakhliyah fell by 96.6 per cent at the end of October 2020 to reach 24.5 GW per hour compared to 723.4 GW during the same period of 2019. The governorate of Al Wusta recorded a rise in total electricity production by 13.3 per cent.

The net figures are inclusive of purchases by Oman Power and

Water Procurement Company (OPWP) and the Rural Areas Electricity Company (RAEC) from local power generating entities, as well as output from auto-generators and diesel rental units.

The Sultanate's net electricity production at the end of October 2020 fell 2.6 per cent to touch 32,115.6 GW per hour compared to 32,956 GW per hour achieved during the prior-year period.

As per the NCSI data, Al Batinah and Al Dhahirah topped the list of governorates with the highest net electricity production, reaching 19,926.7 GW per hour from 19,866.4 GW per hour in 2019. Al Sharqiyah ranked second, reaching 7,255.1 GW per hour at end

of October 2020 compared to 7,074.9 GW in 2019. Muscat, Dhofar, Musandam and Al Dakhliyah recorded a fall in net electricity production by 24.7 per cent, 4 per cent, 4.1 per cent and 96.7 per cent, respectively.

On the other hand, the water production of the Sultanate reached 396.83 million cubic metres at the end of October 2020, an increase of 6.5 per cent from the end of October 2019, when it was 372.57 million cubic metres, the data revealed. In Muscat, the water production rose by 4.4 per cent to reach 171.80 million cubic metres in the 10 months of 2020 compared to 164.48 million cubic metres in 2019. - ONA

e-purchase of vehicle insurance now possible

The move comes as a step towards digital transformation in the insurance sector to contribute to serving the various segments of insurance customers in Oman

Times News Service

MUSCAT: Oman's stock market regulator has introduced e-Tameen for motor vehicles which helps in getting motor insurance coverage through the Internet and smartphones (Android and iOS). The Capital Market Authority (CMA) has taken this new initiative in line with the 2040 Oman Vision and to accelerate the digital transformation towards a smart government. The move comes as a step toward digital transformation in the

NEW INITIATIVE : The CMA has taken this new initiative in line with the 2040 Oman Vision and to accelerate the digital transformation towards a smart government. — Supplied picture

insurance sector to contribute to serving the various segments of customers and the community by providing motor insurance options easily and with best offers. The policy-holder needs to access the Standard Motor Insurance Policy available on the application to find out the rights and obligations. The policy-holder can login to www.etameen.om to view the offers made by insurers and compare the prices and benefits and

then select the appropriate offer after entering the required details, and then move to the payment page and take the policy. The process can be easily completed in Arabic or English using e-payment by debit or credit card. **Renewal** The purchase process can be completed in several steps and thereafter the policy-holder can create a file in the system to revisit for renewal or modification or to buy

a new policy after entering specific particulars such as ID number, car plate number, the validity of vehicle's licence, type of required insurance (third party or comprehensive). Then the system will display all the offers suitable for the request from all the insurers available in the system. After selecting the suitable offer in the system, one has to move to detailed procedures to complete the purchase such as entering the number of the driving licence and particulars of the policy-holder such as address etc. The system then displays all the details entered by the policy-holder and the total price for consent and confirmation. At last comes the payment page which demands card's details with the required security features such as the passcode or OTP to complete payment process and the issuance of the policy.

Full security The system ensures full security including authentication, integrity and confidentiality. Thereafter, the vehicle details are synchronised with Royal Oman Police traffic and civil status systems so as that the vehicle's owner can complete the renewal procedures and issuance of registration licence.

CONGRATULATIONS
on leading the Sultanate
successfully on the path of
Peace, Progress and Stability

WORLD HERITAGE SITES OF OMAN

KNOWN FOR ITS RICH HISTORICAL PAST AND HERITAGE, Oman has several monuments, forts and ruins that have been designated as World Heritage Sites by UNESCO.

According to the NCSI, Oman has a total of 9,403 heritage sites, 1,029 of them being cultural Omani villages. In June 2018, the ruins of Qalhat near Sur were recognised as a World Heritage Site by UNESCO. The Ancient City of Qalhat, the aflaj irrigation systems of Oman, Archaeological Sites of Bat, Al Khutm and Al Ayn, Bahla Fort and the Land of Frankincense have been recognised as World Heritage Sites in Oman.

According to Oman's Ministry of Tourism, "Bahla Fort was inscribed as a World Heritage Site in 1987 and has since been beautifully restored. The fort reopened to the public in late 2012. Credited to the Bronze Age (3rd millennium B.C.), the archaeological sites of Bat, Al Khutm and Al Ayn in Ad Dhahirah make up the world's most complete collection of beehive tombs. In Dhofar, the Land of Frankincense encompasses the frankincense trees of Wadi Dawkah Reserve and the remains of caravan and trading settlements such as Ubar, Khawr Ruri and Al Baleed – highlighting the importance of frankincense for the flourishing trade in the region during ancient times.

The aflaj system is an ancient watering method that is deeply rooted in Oman's heritage, with over 3000 aflaj – or irrigation systems – still in use today. Using gravity to transport water from springs, the fair management of these waterways plays an important role in communities around the country. Falaj Daris in Nizwa, one of Oman's longest falaj, is still in use today.

Then Ancient City of Qalhat in Sur has an exceptional international value for trading between Oman and the ancient world civilisations. It's considered as a distinctive example of the architecture and planning of active port cities in the middle ages."

Bahla Fort was built between the 12th and 15th centuries. According to UNESCO, "Bahla is an outstanding example of a fortified oasis settlement of the medieval Islamic period, exhibiting the water engineering skill of the early

inhabitants for agricultural and domestic purposes."

Located around 20km to the north of the city of Sur, is the Ancient City of Qalhat.

"The Ancient City of Qalhat presents a unique testimony to the Kingdom of Hormuz, as it prospered from the 11th to 16th century CE," UNESCO informed in a statement.

"The Ancient City of Qalhat presents exceptional evidence of a major trade hub, which came under the rule of the Princes of Hormuz and profited from its geo-political position in the region."

UNESCO added that the section of the site around Bibi Maryam was protected by the residents of the neighbouring village before it was closed to the public for conservation. This guardianship tradition, which was disrupted when the site was closed and visitation discontinued, is to be re-activated as part of the future visitor concept, according to the organisation.

The aflaj irrigation systems are the ancient water channels in Oman that date from around 500 AD and use the system of gravity to draw water from underground sources. The archaeological sites of Bat, Al Khutm, and Al Ayn were designated as UNESCO World Heritage Sites in 1988.

The Land of Frankincense – located in the locality of Al Baleed in Salalah – is one of many UNESCO World Heritage Sites located in Oman and was once the centre of the ancient world's thriving frankincense trade. "UNESCO chose the Al Baleed site, considered by archaeologists as the most important remnants of an Islamic ancient city on the Arabian Sea coast, as being part of the historic home of the frankincense tree the Sultanate of Oman is known for, especially since frankincense was the most important Omani export in ancient times," said the Ministry of Tourism.

FIRST ANNIVERSARY

<FROM A1 Vision 2040 a cornerstone of HM's long-term plan

"The Majlis Al Shura will help His Majesty take Oman on the path of the renewed renaissance, and advise on laws and legislations in keeping with current local and global developments," added Al Mandhari.

He was also impressed by His Majesty's ability to handle the COVID-19 pandemic.

"Soon after the arrival of the pandemic, he immediately formed the Supreme Committee for dealing with COVID-19, so that he could follow up on the developments of the pandemic and work

to limit the spread of the virus," he admitted.

"The committee was also formed to protect citizens and residents, and provide support to all the economic sectors of the Sultanate that were affected by the pandemic," added Al Mandhari. "He personally chaired the committee several times, so that he could take informed decisions and safeguard the health of people here."

Encouraging Omanis to work hard, and make conditions better for foreign investment were two of His Majesty's key achievements,

said Jassim Al Balushi, the deputy head of education and training at the National University of Science and Technology's College of Engineering.

"We have been working very hard to build Oman," he said. "We must celebrate the achievements we have accomplished since the dawn of the modern renaissance, and show love for our country and our Sultan, His Majesty Haitham Bin Tarik, as well as remember the legacy of the late His Majesty Sultan Qaboos bin Said bin Taimour."

"All of us now know we need to

develop our economy by diversifying our sources of income," he added. "We shouldn't depend on importing our goods, but produce them ourselves. We should now move to a manufacturing and export model of business. Oman, for example, has a very long coastline, so fisheries could be an area that is developed. Omanis have to become entrepreneurs, ready to create business and provide jobs for the next generation."

Sulaiman Al Sulaimi, an executive committee member of the Oman Road Safety Association

(ORSA) was confident the country would continue to progress under His Majesty Sultan Haitham Bin Tarik, and called on all to help contribute in this direction.

"We are confident that under His Majesty's leadership, Oman will continue to progress and prosper, and sustainably contribute to local and international development and understanding. We have strong faith in his wisdom, and wish him every success for the years to come. ORSA would like to congratulate HM on his first anniversary as Sultan of Oman."

Changes made to the country's economic setup will encourage more investment and growth, said Dr Hesham Magd, the head of the Faculty of Business and Economics at the Modern College of Business and Science. "The efforts made by His Majesty will cause a competitive market to develop, that will raise the chances of qualified and skilled workers to contribute to the country, as well as enjoy a better working atmosphere, and aid in knowledge transfer, which will help in the country's long-term sustainability," he said.

TAMAYYIZ

New project finalised to upgrade logistics sector

MUSCAT: The main framework for a project titled ‘Tamayyiz’, which is a ‘national indicators initiative’ to upgrade the efficiency of the logistics sector has been finalised by the Ministry of Transport, Communications and Information Technology.

Through this initiative, the Ministry seeks to transform the logistics business environment into a globalised business climate and to enable the sector to benefit from business facilitation instruments available through government departments.

The programme aims to upgrade the level of business and economic capabilities of all components of logistics activities in the Sultanate, besides improving the timeframe and customs infrastructure and facilitating the clearing of goods.

This will eventually enhance the Sultanate’s status as an international logistics hub and establish a supportive environment for stakeholders in the logistics sector.

A number of departments will participate in the programme, including maritime and air lines and their agents, as well as loading and unloading firms at different cargo facilities.

Workshops will be held between parties concerned with a view to introducing the programme and outlining its indicators prior to the actual launch of the initiative. — **ONA**

ANNIVERSARY

His Majesty the Sultan receives greetings from Sayyid Fahd

MUSCAT: On the anniversary of His Majesty Sultan Haitham Bin Tarik’s assuming leadership in the Sultanate, His Highness Sayyid Fahd bin Mahmoud Al Said, Deputy Prime Minister for the Council of Ministers, has sent a cable of greetings to His Majesty the Sultan reading as follows: “I am honoured and delighted to express my most sincere greetings and heartfelt wishes to Your Majesty on the anniversary of assuming the reins of power in this country, praying to the Almighty Allah to grant Your Majesty continuous success in leading the Omani benign march, along with all the ceaseless attention that Your Majesty has accorded towards promoting this march so that every citizens in this dear homeland could gain a role in the comprehensive rebuilding process, which Your Majesty has placed on top of priorities. Happy Accession Day, Your Majesty.” — **ONA**

THE FIRST ANNIVERSARY OF OMAN'S NEW ERA

This is a graphic representation of His Majesty Sultan Haitham Bin Tarik's first year as the supreme leader of the Sultanate of Oman. It is basically a visual display of the most important **ROYAL DECREES** issued.

UK VARIANT

Japan detects new coronavirus variant

TOKYO: Japan on Sunday said that four people who had arrived in Tokyo from Brazil were found to be infected with a new variant of the coronavirus.

The four passengers who landed at Tokyo's Haneda Airport on January 2 from Amazonas, Brazil tested positive after spending time in the airport in quarantine, the country's Health Ministry said.

Takaji Wakita, head of the National Institute of Infectious Diseases, said the variant was different from those already spreading in Britain and South Africa, Kyodo News reported.

The institute said there was no evidence at present that the new strain was more contagious.

Of the four, a man in his 40s had been hospitalized after his breath-

ing difficulties worsened while a woman in her 30s complained of a sore throat and headaches, and a male teenager developed a fever.

Prime Minister Yoshihide Suga on Thursday declared a month-long state of emergency due to the pandemic for Tokyo and its neighboring prefectures of Chiba, Kanagawa and Saitama, which took effect the next day. **ow**

Indonesia locates black boxes of crashed Sriwijaya Air plane

A military vessel found the signal from the plane and a diver team recovered parts of the wreckage

JAKARTA: Indonesian authorities on Sunday said they have located the black box recorders from a passenger plane that crashed into the Java Sea a day earlier.

"Hopefully, we can retrieve them soon," said military chief Hadi Tjahjanto, without giving an estimated timeframe.

The Sriwijaya Air Boeing 737-500 lost contact shortly after take-off on Saturday from Jakarta with 62 people on board.

It was heading for Pontianak in West Kalimantan, a journey that takes about 90 minutes.

Military vessel

Earlier on Sunday, a military vessel found the signal from the plane and a diver team recovered parts of the wreckage from around 23 meters (75 feet) below the wa-

TRAGIC: The Sriwijaya Air Boeing 737-500 lost contact shortly after take-off on Saturday from Jakarta with 62 people on board.

ter's surface. Rescuers have also retrieved body parts, items of clothing, and scraps of metal from the sea between Lancang Island and Laki Island, an archipelago around Thousand Islands north of Jakarta's coast.

"Hopefully, until this afternoon

the current conditions and the view under the sea are still good so that we can continue the search," Tjahjanto added.

A 'tragedy'

"I represent the government and all Indonesians in expressing my

deep condolences for this tragedy," President Joko Widodo said.

"We are doing our best to save the victims. We pray together so that the victims can be found," he said.

"Our thoughts are with the crew, passengers, and their families. We are in contact with our airline cus-

tomers and stand ready to support them during this difficult time," Boeing said in a statement.

Crisis centre for relatives

Authorities established two crisis centers, including one at the airport. Families gathered to wait for

news of loved ones.

Indonesian TV footage showed relatives and friends of those aboard the plane weeping, praying and hugging each other.

Why did the plane crash?

Sriwijaya Air has said it was investigating the tragedy.

Sriwijaya Air President Director Jefferson Irwin Jauwena told a news conference that: "[The] maintenance report said everything went well and airworthy."

He added that the plane had previously flown to Pontianak and Pangkal Pinang city on the same day. He said a delay in the plane taking off was due to bad weather.

Journalist Kresna Astraatmadja spoke to DW from Jakarta, explaining that the airline did not have a poor reputation before the crash. But he also pointed out that the aircraft in question was old and had already made four journeys since the early morning.

Boeing has been plagued with problems ever since manufacturing the infamous 737 Max model that was involved in two deadly crashes in less than a year.

The plane that crashed on Saturday was nearly 27-years-old and did not use the new, problematic MCAS systems built into the current-generation 737 Max planes. **ow**

GRIM MILESTONE

Over 80,000 COVID-19 deaths reported in UK

LONDON: Britain has reported more than 80,000 coronavirus-related deaths after another 1,035 were recorded, official figures showed on Saturday.

The total number of deaths within 28 days of a positive COVID-19 test now stands at 80,868, according to the latest official figures.

Another 59,937 coronavirus cases have also been recorded on Saturday, compared to Friday's record of 68,053, the official data showed.

The new cases on Saturday brought the total number of coronavirus cases in the country to 3,017,409, the data showed.

This means that Britain has hit another two grim milestones in the pandemic on Saturday as total coronavirus cases passed three million and total coronavirus-related deaths topped 80,000 overnight.

The highest daily coronavirus-related death toll was posted with 1,325 on Friday.

The new official figures were released just hours after the British government launched a new advertising campaign to urge Britons to stay at home and comply with lockdown rules.

Chris Whitty, England's chief medical officer, said in a advert rolled out on radio, TV and social media: "COVID-19, especially the new variant, is spreading quickly across the country. This puts many people at risk of serious disease and is placing a lot of pressure on our NHS (National Health Service)."

"Vaccines give clear hope for the future, but for now we must all stay home, protect the NHS and save lives," he added.

Meanwhile, scientists advising the British government warned that the current lockdown measures in England need to be "stricter" to achieve the same impact as

the March shutdown.

Prof Robert West, who sits in the Scientific Pandemic Influenza Group on Behaviours, which advises the government's Scientific Advisory Group for Emergencies (SAGE), said the current rules were "still allowing a lot of activity which is spreading the virus".

West said due to the new variant of coronavirus, which is said to be up to 70 percent more infectious, the lockdown measures need to be tougher.

"That means that if we were to achieve the same result as we got in March we would have to have a stricter lockdown, and it's not stricter," he told the BBC. **Xinhua**

EMERGENCY LOCKDOWN LAW

Sweden's new coronavirus lockdown law takes effect

STOCKHOLM: Sweden's new emergency lockdown law went into effect on Sunday, granting the government the power to impose coronavirus-related curbs for the first time.

The measure comes nearly a year after the Nordic country ruled out the same strict public health measures that were implemented throughout the rest of Europe. Until now, the Swedish government has relied mostly on the public following official health recommendations voluntarily.

But lawmakers passed the new pandemic law on Friday, allowing the government to "introduce special restrictions for both certain activities and places," according to a statement on the

parliament's website.

The new law is expected to be used imminently.

"We see a great risk that we will be in a difficult situation for some time ahead," Prime Minister Stefan Lofven told Swedish network SVT ahead of the law's passage. "And we will be using it in the near future."

The law permits the government to restrict the number of people in shops, businesses and public places including theaters and swimming pools. Authorities can also fine individuals for flouting coronavirus rules as well as order businesses to close in the case of violations.

"We will see if we can do more in public transport, but it could

also be about gyms, sports facilities, events and businesses that operate premises for parties," Lofven said of the law's application.

COVID surge pushes lawmakers

The decision comes as Sweden, which has the highest per capita COVID death rate of all Scandinavian countries, struggles to battle a second wave of the virus with emergency wards filling up to critical capacity.

In a separate decision implemented Thursday, face masks — though not mandatory — are now being recommended for use during rush hour on public transportation. **ow**

ICC condemns racial row in SCG, promises full support to CA

The ICC has also offered Cricket Australia all necessary support in investigating the incidents

DUBAI: The International Cricket Council (ICC) on Sunday condemned reported incidents of racism during the ongoing third Test match between Australia and India at the Sydney Cricket Ground.

The ICC has also offered Cricket Australia all necessary support in investigating the incidents. The Indian team on Saturday lodged an official complaint after the crowd at the SCG racially abused pacers Jasprit Bumrah and Mohammed Siraj.

The crowd did not stop on day four of the ongoing Pink Test as Siraj along with India skipper Ajinkya Rahane had a word with umpire Paul Reiffel regarding the unruly behaviour of the crowd. Visuals on television indicated that there were some words spoken for Siraj who was fielding near the boundary rope. Both the umpires then had a word with each other and the police then asked a group of men to leave the stand.

ICC Chief Executive Manu Sawhney re-iterated the ICC's zero-tolerance policy towards discrimination of any kind.

"There is no place for discrimination in our sport and we are

PINK TEST: The Indian team on Saturday lodged an official complaint after the crowd at the SCG racially abused pacers Jasprit Bumrah and Mohammed Siraj.

incredibly disappointed that a small minority of fans may think that this abhorrent behaviour is acceptable. We have a comprehensive Anti-Discrimination Policy in place that members have to abide by and ensure that it is adhered to by fans and we welcome the action taken by ground authorities and Cricket Australia today," said Sawhney in an official statement.

"We will provide Cricket Australia and the relevant authorities our full support in any ensuing investigation as we will not tolerate any racism in our sport," he added.

Under the ICC Anti-Discrimination policy, Cricket Australia will now be required to investigate the issue and provide a report to the ICC on the incident and any

action taken to ensure the issue has been dealt with appropriately. The Indian cricket team had apprised ICC Match Referee David Boon of alleged racial abuse at the end of the third day's play. Match and stadium officials were alert on the fourth day and as such play was halted and six people were evicted following another incident just before tea.

Sean Carroll, Cricket Australia's Head of Integrity and Security on Sunday said that strict action will be taken against the section of fans who hurled racial slurs at Indian pacers Mohammad Siraj and Jasprit Bumrah.

"CA is awaiting the outcome of the International Cricket Council's investigation into the matter reported at the SCG on Saturday.

Once those responsible are identified, CA will take the strongest measures possible under our Anti-Harassment Code, including lengthy bans, further sanctions and referral to NSW Police. As series hosts, we unreservedly apologise to our friends in the Indian cricket team and assure them we will prosecute the matter to its fullest extent," he added.

India has been set a target of 407 to win the third Test at the SCG. At stumps, Ajinkya Rahane-led side reached the score of 98/2, with Rohit Sharma playing a knock of 52 runs while Shubman Gill scored 31. Cheteshwar Pujara and Rahane are currently unbeaten on 9 and 4 respectively and the visitors still need 309 runs to win the match. **ANI**

INDIA VS AUSTRALIA

Australia in command after setting 407-run target

SYDNEY: Australia are in a commanding position in the third Test after setting a 407-run target against India to win the match here at Sydney Cricket Ground (SCG) on Sunday.

At stumps on day four, India were at 98/2 with Cheteshwar Pujara and Ajinkya Rahane unbeaten on nine and four runs respectively.

Coming in to bat at the final session of the day, both the openers Rohit Sharma and Shubman Gill showed great intent against the Australian pace-battery on the deteriorating pitch of the SCG.

The duo accumulated the second 50-plus opening stand in the match. The openers provided a formidable start to the visitors as they added 71-run for the first wicket.

Pacer Josh Hazlewood scalped Gill (31) as he was caught behind the stumps by skipper Tim Paine. Pujara walked in to bat at number three. Pujara and Rohit then played defensively and kept the scoreboard moving. They stitched a 21-brief stand before Rohit was removed by Cummins. At that time, India were left reeling at 92/2 in 30.2 overs.

Rohit played a knock of 52 runs studded with six and five fours. After Rohit's dismissal, Rahane joined Pujara in the middle and made sure that the side did not lose any more wickets in the day.

India are still 309 runs behind from the target while Australia need eight wickets to seal the series on the final day of the Pink Test.

Earlier, the hosts declared their second innings on 312/6 at tea on the fourth afternoon after the dying minutes saw an unruly group in the crowd once again hurl abuses at Indian pacer Mohammed Siraj.

The second session saw Australia scoring 130 runs from 23 overs. Cameron Green played a knock of 84 runs while Tim Paine remained unbeaten on 39. The second session on day four witnessed high drama after Siraj along with India skipper Rahane had a word with umpire Paul Reiffel regarding the unruly behaviour of the crowd. Visuals on television indicated that there were some words spoken for Siraj who was fielding near the boundary rope.

Both the umpires then had a word with each other and the police then asked a group of men to leave the stand. Resuming the second session at 182/4, Steve Smith started batting in an aggressive fashion from the very start and he was quick to capitalise on the loose deliveries.

However, Smith (81) was adjudged leg-before wicket on the delivery bowled by Ravichandran Ashwin and Australia was reduced to 208/5. Skipper Paine then joined Green in the middle and the duo did not let the momentum drop for the hosts.

After bringing up his maiden Test fifty, Green changed the gears and especially took a liking towards Siraj and the batsman hit him for three sixes. In the second session, Australia managed to score runs from overs.

Navdeep Saini had struck twice but Smith's unbeaten 58 kept the hosts afloat in the first session on day four. At the break, Australia had reached the score of 182/4, extending their lead to 276 runs. For the hosts, Smith and Green were at the crease batting on 58 and 20 respectively.

Before the tea break, Green was sent back to the pavilion by Jasprit Bumrah, but not before the all-rounder went on to play a knock of 84 runs.

Brief Scores: India 244 and 98/2 (Rohit Sharma 52, Shubman Gill 31; Josh Hazlewood 1-11); Australia 338 and 312/6d (Cameron Green 84, Steve Smith 81, Navdeep Saini 2-54). **ANI**

FOOTBALL

Match against Osasuna shouldn't have gone ahead, says Zidane

MADRID: Real Madrid's coach Zinedine Zidane has slammed the decision of allowing his side's match at Osasuna to go ahead in such extreme conditions.

Spain has been dealing with Storm Filomena, and large swathes of the country have been blanketed in snow. Atletico Madrid's match against Athletic Club was postponed earlier on Saturday, but Madrid had to travel to Osasuna to play their match. Madrid's plan also got stuck on the tarmac for over three hours and they had to wait for clearance to

take off. "We did what we could do on the field but it was not a football match. The conditions were very difficult. Everything that has happened these two days has been very complicated. We do not know when we can return," Goal.com quoted Zidane as saying.

"Yes, clearly the match against Osasuna should have been postponed. That is clear. The conditions to play football were not met, which in the end is what everyone wants. As much for us as our opponents," he added. When asked to comment on the Spanish Foot-

ball Association, Zidane said: "I'm not going to get into these things. We have done what they have told us, we have played and that's it."

"We have to think about recovering even if we don't know if we are going to go to Madrid tomorrow if we are going to return on Monday. And on Wednesday we have another game," he added.

Real Madrid is currently at the second position in La Liga standings with 37 points from 18 matches. The side will next take on Alaves in La Liga on January 24. **ANI**

CRICKET ROUND-UP

Khawar Ali bowls IT Works to another victory

Times News Service

MUSCAT: It is difficult to keep Oman all-rounder Khawar Ali quiet as a match winner; if he fails with the bat, he finds a way to succeed with the ball. IT Works rode on Khawar's superb 4 for 30 and opener Adeel Shafique's stylish 62 to beat Renaissance by 6 wickets in a 50-over Premier Division game at OC Turf 1 in Amerat on Saturday.

Reduced to 83 for 6, Renaissance could manage only 153 for 9. Sufyan Mahmood topscored with an unbeaten 51 while Hammad Ifraq contributed 44 as Khawar did the damage with his beguiling leg-spin. Muhammed Nadeem bowled well too, taking 2 for 16.

It took IT Works less than 32 overs to overhaul the target, scoring 154 for 4. Apart from Adeel's half-century, Hammad Mirza made an elegant 34.

Brief Scores (Premier Division): Renaissance 153 for 9 in 50 overs (Sufyan Mahmood 51 not out - 5x4, 1x6, Hammad Ifraq 44 - 6x4, Khawar Ali 4-30, Muhammed Nadeem 2-16) lost to IT Works 154 for 4 in 31.5 overs (Adeel Shafique

Khawar Ali and Adeel Shafique of IT Works.

62 - 6x4, 1x6, Hammad Mirza 34 - 4x4) by 6 wickets.

Karthik bats Design Group to victory

Karthik Rajappa struck a sizzling 49 off 25 to steer Design Group Engineering Consultants to a 4-wicket victory against Jumbo Electronics in a C Division game at Muscat Municipality ground 1 on Friday.

Jumbo Electronics scored 123 for 8 which Design Group surpassed in only 12.1 overs thanks to brilliant batting by Karthik and Pervez Beg (21 off 11). Chandra Mouli who had scored 29, excelled with the ball too, taking 4 for 32.

Brief Scores (C Division): Jumbo Electronics 123 for 8 in 20 overs (Chandra Mouli 29 - 5x4, Nishan Padma Kumara 2-13, Satham Husain 2-31) lost to Design Group Engineering Consultants 124 for 6 in 12.1 overs (Karthik Rajappa 49 - 10x4, Chandra Mouli 4-32) by 4 wickets.

Ismail stars in OHI win

In another C Division match, openers Ismail Al Balushi (54 off 23) and Santosh Vishwakarma (37 off 17) batted with gay abandon

as Douglas OHI thrashed OCT Al Amerat by 10 wickets at Muscat Municipality ground 2. Chasing 94 to win, OHI openers batted like there was no tomorrow, reaching the target without loss in just 6.3 overs for a satisfying win.

Brief Scores (C Division): OCT Al Amerat 93 for 7 in 20 overs (Said Haidar Al Balushi 32 - 3x4, Rajender Kumar 2-3, Santosh Vishwakarma 2-16) lost to Douglas OHI 94 for 0 in 6.3 overs (Ismail Al Balushi 54 - 8x4, 2x6, Santosh Vishwakarma 37 - 5x4) by 10 wickets.

Adesh bowls Vanderlande to victory

Adesh Antony's 5 for 11 was the highlight of Vanderlande's big 9-wicket victory against OCT Mabela in a D Division game at Muscat Municipality ground 4. Adesh's spell was the reason Mabela side was dismissed for a paltry 57 in 12.2 overs which Vanderlande surpassed in only 3.4 overs, scoring 58 for 1. Barathwaj Vinayagam topscored with an unbeaten 37 off 13 while opener Rahul Chadha remained unbeaten on 20 off 9.

Brief Scores (D Division): Oct

Al Mabela 57 all out in 12.2 overs (Warith Al Balushi 15 - 2x4, Adesh Antony 5-11, Rafik Turabali 2-17) lost to Vanderlande 58 for 1 in 3.4 overs (Barathwaj Vinayagam 37 not out - 6x4, 1x6, Rahul Chadha 20 - 4x4) by 9 wickets.

Vijayan, Roymon shine in Jotun win

In another D Division game, Vijayan Pillai struck a vital 61 while Roymon Basil claimed 4 for 12 to power Jotun CT to an impressive 62-run win over Spanio VDD at Muscat Municipality ground 4. Jotun posted a robust 161 for 4 on the board thanks to superb Vijayan knock and then bowled Spanio out for a meagre 99 in the 19th over due largely to brilliant bowling by Roymon and Sreelal Sreedharan who picked up two wickets for only 8 runs.

Brief Scores (D Division): Jotun CT 161 for 4 in 20 overs (Vijayan Pillai 61 - 8x4, Muslim Mohammed 2-27) trounced Spanio VDD 99 all out in 18.4 overs (Sajith Chenganassery 22 - 3x4, Roymon Basil 4-12, Sreelal Sreedharan 2-08, Joby Abraham Chacko 2-23, Joby Balan 2-25) by 62 runs.

“
**Oman will always
remain our supreme
goal, in all actions and
pursuits**”

His Majesty Sultan Haitham Bin Tarik
23 February 2020

Congratulations to
His Majesty Sultan Haitham Bin Tarik
And the people of Oman
On the Anniversary of His Majesty Taking Over the Reigns

STEERING TOWARDS A BRIGHTER FUTURE

Oman, under the wise and visionary leadership of **His Majesty Sultan Haitham Bin Tarik** is steering ahead towards a brighter future. A firm focus on nation-building and far-sighted initiatives in every sphere, including education, heritage and culture among many others, will continue to contribute towards Oman's prosperous future.

Saud Bahwan Group is wholly committed to **His Majesty's** vision. Contributing to National Goals by providing Omani talent a platform to realise their full potential and contribute meaningfully in every functional area.

On this occasion, Saud Bahwan Group salutes the vision of **His Majesty** and congratulates the people of Oman.

AVIATION SECTOR

India’s domestic aviation sector expected to return to normal

NEW DELHI: In the next two to three months, the domestic civil aviation sector is expected to return to normal, said Civil Aviation Secretary Pradeep Singh Kharola.

“The sector remained resilient during the ongoing COVID-19 pandemic, but I don’t think that the bad period is over. It will take the next two to three months for the country’s domestic civil aviation sector to return to its normal. Big countries like India which have huge domestic market are where future of the aviation lies,” he said.

Kharola was speaking at a webinar organised by industry body FICCI.

In December, Fitch Ratings expected average revenue passenger kilometres for India’s airlines to remain 40 per cent below 2019 levels in 2021 despite recovering from being 65 per cent lower in 2020.

Domestic passenger traffic remains weak since flights resumed in late May after a two-month restriction with September data showing a 66 per cent year-on-year drop (58 per cent decline for 9M 20). The government restricted airline capacity at 70 per cent of the March level and imposed fare bands until late February 2021. - **ANI**
